The Art of Digital Photo Painting Marilyn Sholin, 2009 Take digital image files from your camera and transform them into creative works that resemble hand painted art using Corel Painter 11 and other software book cover *Women Writers and the Artifacts of Celebrity in the Long Nineteenth Century* Ann R. Hawkins, Maura C. Ives, 2012 This collection traces the unique experiences of nineteenth century women writers within a celebrity culture that was intimately connected to the expansion of print technology and of visual and material culture in the nineteenth century The contributors examine a range of artifacts including prefaces portraits frontispieces birthday books and even gossip columns in this suggestive exploration of how nineteenth century women writers achieved popular critical and commercial success *German Paintings in the Metropolitan Museum of Art, 1350-1600* Maryan W. the rapid expansion of industrial capitalism Skepticism of science and technology along with fear of its capability to promote mass destruction developed into a distrust of rationalism which profoundly influenced the art of the times Delirious features work by more than sixty artists from Europe Latin America and the United States including Dara Birnbaum Le n Ferrari Gego Bruce Nauman Howardena Pindell Peter Saul and Nancy Spero Experimenting with irrational subject matter and techniques these artists forged new strategies that directly responded to such unbalanced times Disturbing and challenging the works in this book in multiple media and often counterintuitively incorporating highly ordered and systematic structures upend traditional notions of aesthetic harmony Three wide ranging essays and a richly illustrated plates section investigate the degree to which delirious times demand delirious art inviting readers to think crazy
