Remote Possibilities Amy Jane Conger,2005 *Financing Higher Education Worldwide* D. Bruce Johnstone,Pamela N. Marcucci,2010-06-07 Examines the universal phenomenon of cost sharing in higher education where financial responsibility shifts from governments and taxpayers to students and families Growing costs for education far outpace public revenue streams that once supported it Even with financial aid and scholarships defraying some of these costs students are responsible for a greater share of the cost of higher education Shows how economically diverse countries all face similar cost sharing challenges While cost sharing is both politically and ideologically debated it is imperative to implement it for the financial health of colleges and universities From publisher description **Umrabulo** ,2003 **On Campus** University of the Western Cape,2003 The A to Z of Careers in South Africa ,2006 *Debates of the National Assembly (Hansard)* South Africa.
