What I Mean to Say Ian Williams,2024-10-08 Enough small talk Let's get right to it Why can't we talk to each other anymore What makes good communication And how do we restore the lost art of conversation In contemporary society much of our communication exists in a new dimension the online space and it's changing how we regard each other and how we converse In the digital realm we can be anonymous we can make false and hurtful comments yet evade consequences in a hurried scroll of clicks and swipes But a good conversation takes time and patience courage even We need to realize that one half of our conversations is in fact listening And aren't the best conversationalists like the best musicians good listeners With *What I Mean to Say* award winning novelist and poet Ian Williams seeks to ignite a conversation about conversation to confront the deterioration of civic and civil discourse and to reconsider the act of conversing as the sincere open exchange of thoughts and feelings Alternately serious and playful Williams nimbly leaps between topics of discussion and along the way is discursive digressive and endlessly generous like any great conversationalist
