

BI 151 LAB: Microscope Lab

I. INTRODUCTION

Current scientific studies suggest that there are three distinct evolutionary lineages of organisms on Earth. Consequently, all living organisms are classified into three domains that represent these distinct lineages: **Domain Bacteria**, **Domain Archaea**, and **Domain Eukarya**.

All organisms composed of eukaryotic cells, like plants or animals, are classified in Domain Eukarya, while prokaryotic organisms, like bacteria, are classified in either Domain Bacteria or Domain Archaea. Although organisms in Domains Bacteria and Archaea appear morphologically similar, they are distinctly different in some of the molecules that form important cellular structures (e.g., ribosomal rRNA & plasma membrane lipids).

During this lab, you will learn to use the microscope as a scientific tool and start exploring...

- contrast characteristics of prokaryotic and eukaryotic cells,
- consider metabolic diversity.

II. LABORATORY ACTIVITIES:

A. MICROSCOPE USE:

Before the lab, please review techniques for using the compound light microscope. Be able to:

- 1) correctly identify and use parts of the microscope
- 2) calculate total magnification
- 3) calculate the diameter of the field of view
- 4) estimate the size of objects viewed through the microscope

INSTRUCTIONS for obtaining and using a compound light microscope during lab...

- Numbered compound light microscopes are located on the upper shelves in the laboratory cabinets. Please use the microscope with the number that corresponds to your lab seat position.
 - If you have questions about using the microscope, please seek help from a knowledgeable classmate and/or your instructor.
 - Prepared slides located in the slide trays inside your lab bench drawer.
 - Before you leave the lab, please clean up your lab area and return all microscopes and prepared slides to their designated locations.
 - Any slides that you make for yourself during lab (i.e., wet mounts) should be discarded in the cardboard boxes labeled for glass disposal.
