Seyler, 2002 **The 4% Solution** The Bush Institute, 2012-07-17 Foreword by President George W Bush With contributions from world renowned economists and Nobel prizewinners The 4% Solution is a blueprint for restoring America's economic health The United States is reaching a pivotal point in its economic history Millions of Americans owe more on their homes than they are worth long term unemployment is alarmingly high and the Congressional Budget Office is projecting a sustainable growth rate of only 2.3% a full percentage point below the average for the past sixty years Unless a turnaround comes quickly the United States could be mired in debt for years to come and millions of Americans will be pushed to the sidelines of the economy The 4% Solution offers clear and unflinching ideas on how to revive America's economy It sets a positive economic goal and asks some of the top economic minds on how to achieve it With a focus on removing government constraints The 4% Solution defines the policies that will allow Americans to save invest and create the jobs that the United States needs The 4% Solution draws on the best minds in the business including five Nobel laureates Robert E Lucas Jr on the history and future of economic growth Gary S Becker on why we need immigrants in order to grow Edward Prescott on the cost to growth of the welfare state Vernon Smith on why housing leads us into and out of recessions Myron Scholes on why we need to innovate in order to grow the economy
