GODDESS David Wind, 2023-03-23 Uncover the Secret of Anadi in the Space Exploration Sci Fi story *GODDESS* A Forerunner Story In the galaxies of uncharted territories and unexplored worlds Roke Stenner had seen his fair share of strange beings and extraordinary phenomena But nothing could have prepared him for Anadi the seemingly perfect planet for human colonization that was anything but normal And nothing could have prepared him for her Is She Human A Female Alien or Caught within the powers of a woman who may or may not be human Roke finds himself struggling to resist her siren s call With each passing day he falls deeper under her spell torn between his growing desire for her and his duty to protect humanity from the danger that lurks on Anadi Is He Her Prisoner Or Her Breeding Stud As Roke grapples with his own emotions and the impossible reality of the woman who has captured him he must find a way to escape her grasp and warn the rest of the galaxy But with her psionic abilities and their intense sexual connection will he be able to break free or will he be forever lost to her mysterious and seductive charms In this thrilling sci fi tale the line between what is human and what is not is blurred leaving Roke and the reader to wonder was she human a female alien or something else entirely What the early reviews are saying Advanced Reader Review Excerpts BOOKBUB Goddess is easy to read and entertaining full of twists and turns I didn t imagine It is a page turner for sure Some might think it is romantic It could trigger some people but the power play is from the female instead of the male There are adult scenes but they are essential to the story and not just to fill in pages to make the story longer or titillate you Goddess is written more about the characters and their experiences which to me is the best part of reading a book than about the guns and technology descriptions It has guns lasers stunners satellites intelligent computers and so much more I love good characters and this book has characters that intrigue me I loved it and highly recommend this book Another epic read from Wind It packs so much Space exploration set in the future humans have colonized various planets Military vibes Fresh start adventure discovery Epic world building Evil fun with genetics psi abilities and Aliens Strong brilliant relatable male lead Hero Snarky AI Completely twisted villain Laugh out loud banter Written in multiple POVs mostly we get the POV of the hero Roke but at times the reader is provided with others as

well and it's fun to have the insight. Before long I found myself submerged in this world and I feel like I could never get enough. The book wrapped up nicely but had a sort of cliffie if that makes sense. Wind brilliantly ties up the most immediate issues but makes it clear there's more to come. I don't want to spoil anything so you'll have to either take my word for it or read it see for yourself. Beautifully done as someone with a very visual mind I was treated to stunning landscapes and basically traveled in time and space. I could read this book over and over again. I just finished reading Goddess and WOW I received my Advanced Review Copy ARC yesterday and I couldn't put it down. I felt as if I was actually part of what was happening. This book pulls you in right from the beginning and keeps you on the edge of your seat. I really liked the inclusion of the Navaho Nation. I am hooked. If you are looking for a new author this one is golden. WARLORD: Arrival David Wind, 2020-11-10.
