**MEDITERRANEAN KIDS LUNCH BREAK 60+ KID-APPROVED, HEALTHY, DELICIOUS, SCHOOL-READY, EASY-TO-MAKE BREAKFAST, LUNCH, AND SNACK RECIPES** Eva Iliana, 2020-10-16. Equip your child with the building blocks for lasting health not only now but for the rest of their lives. It's no surprise that parents want their children to eat well and build healthy attitudes towards food that will last them a lifetime. So how is it that fewer than 15% of elementary school age children get enough fruits and vegetables in their diet? With the pressures of work, family, school and parenting, finding the time to create a balanced nutrition plan for your kids can seem impossible. Where should you even begin? The answer lies in the past, the way some of the healthiest populations in the world ate not too long ago. The Mediterranean diet is no meal plan being advertised by diet coaches online. It finds its basis in the eating patterns that have been shown to help prevent heart attacks, obesity, diabetes and stroke. Instead of worrying about the unpronounceable ingredients in your child's lunch box, take back your peace of mind with meals that you can prepare together. In 2015, 13.7 million children were obese. This number is only on the rise and it isn't just because of all the processed foods out there. Many children grow up with no understanding of how the foods they eat affect their body and they find themselves lost when they have to take things into their own hands. Eva Iliana has compiled not only delicious recipes that your kids will love but she has also proven ways you can start the nutrition discussion and enable them to take an active role in their health. In *Mediterranean Kids Lunch Break* you will discover 45 simple, easy to prepare, delicious recipes to start the day off strong and keep that momentum going. Why it's so important to talk with your kids about food openly and honestly and the danger of labeling foods as good or bad. The not so secret reason why the Mediterranean diet is associated with longer life, healthier hearts and clearer minds. How small changes to snacking habits can create a big impact over the course of a lifetime. Exactly what you'll need to keep a pantry that enables you and your family to make healthy

eating easy and painless Various ways to get your child involved in the cooking process with specific pointers for different age groups Why you don't need to give up ice cream pasta or burgers to adopt a healthy diet How to make the transition to a balanced wholefood based diet when your kids are already used to their favorite foods And much more Changing your child's eating habits for the better doesn't have to mean spending hours poring through recipe books and trying to figure out whether those organic snacks are actually good for them You can lay the groundwork for a healthy attitude towards food without lectures or rigid meal plans If you're ready to unlock the secrets of the Mediterranean diet for your child and put them on a path to better health then scroll up and click the Add to Cart button right now

many children so that will be discussed too As a bestselling Paleo author many of the recipes are based on using natural foods and drinks that are tasty and very appealing to the kids Gluten and dairy free recipe options are throughout the book Paleo lunch box recipes are popular because they follow allergy free guidelines Substitute options for traditional foods such as flour milk nuts and eggs are all discussed We know that food is vital to our health and our children s mental and physical well being Too few children are enthusiastic about eating healthy foods when it comes to the school lunchbox However This will help our children maintain their metabolism and their energy levels hence being able to concentrate and have more fun during the day My stealth method is revealed and works wonders in many of the lunch box recipes During the rapid growth period from about the age is of 5 to 12 we need to support children s growth especially with calcium iron and protein So encouraging good eating habits early on can have a significant beneficial effect on their general health and overall ability to cope with the mental and physical challenges they will be faced with throughout their teenage years Unfortunately way too often the lunch box can be filled with high sugar high fat and high salt foods because they are preferred by the kids and they are quick and easy Of course sometimes peer pressure comes into play which makes it even more difficult to encourage your child to eat good foods A lunchbox with a plain cheese sandwich and an apple just aren t going to do the job day after day so let s look at some other alternatives Balance and nutrition is very important Try to offer a variety of foods and change them up regularly Be sure your child s nutrients are being met in their lunchbox while adding things they like Just think natural interesting nutritious and variety I hope you find my lunch box cookbook and school lunch guide enjoyable Here s a snap shot
