

STEP 3

Place the ingredients into the Bread Pan.

For best results, add all liquid ingredients first. Then, add all dry ingredients EXCEPT yeast.

ALWAYS ADD YEAST LAST.

NOTE: If your recipe contains salt, please add salt with liquid ingredients, keeping it away from the yeast. Salt may activate the yeast prematurely.

**For Batter Bread, Jam and Dough cycles, the order of ingredients is not important.*

STEP 4

Make a small indentation on top of the dry ingredients (not so deep it reaches the wet layer) and add the yeast to the indentation.

This order of adding ingredients is important, especially when using the Timer, because it keeps the yeast away from the wet ingredients until the kneading process begins. (Liquid ingredients will prematurely activate the yeast.)

STEP 5

Insert the Bread Pan into the Oven Chamber at a slight counterclockwise position, then turn clockwise following the arrow marked on the Bread Pan. This will lock the Pan in place for baking.

Close the Lid and plug in the Breadman®

"0:00" will appear in the Display Window. To clear the display, press the **START/STOP** button.
