A Practical Guide to Estate Planning for a Family with a Special Needs Child Sebastian V.

Grassi,American Law Institute,2009 This book is a general overview of issues an estate planning advisor may need to address

when preparing an estate plan for a family with a special need's child Intro *The Motley Fool Investment Tax Guide 2001* Roy A. Lewis, Selena Maranjian, 2000-12 The Motley Fool Investment Tax Guide has been updated in 2001 edition with roughly 20% of its content new or revised The Tax Guide provides readers with an easy to understand approach to the sometimes very complex world of tax matters It contains tips and strategies for managing day to day activities that have tax ramifications In addition to focusing on investment related tax issues the Tax Guide also addresses ways that individuals can maximize tax savings opportunities that come with marriage children education retirement planning buying a home and running a home office The guide also contains a tax calendar and resource section to help individuals plan accordingly all year round rather than waiting until Tax Day *Deciphering Economics* David E. O'Connor, 2014-05-12 This compact yet comprehensive guide provides a wealth of information that is timely easy to understand and relevant to the academic and civic lives of students teachers researchers and the general public Economics surround us impacting the decisions people make as consumers producers workers savers investors taxpayers and voters This guide offers a thorough and understandable overview of basic economic concepts and principles providing building blocks for understanding the systems of economics in today's complex world It then explores contemporary economics related topics issues and challenges that exist within local communities the U S economy and the global economy Using language that is clear precise and accessible to high school and community college students as well as to general readers the book covers microeconomic topics macroeconomic topics and international economics It connects theory and practice as it examines how economic decisions are made and looks at the roles of the private and public sectors in achieving growth stability and employment In addition the author explores overarching trends in the global economy and the prospects for economic development in emerging nations and offers specific ways to locate other quality print and online resources on economics
