

The Law-Making Function of Congress

- n Only a member of the House or Senate may introduce a bill
but anyone can write a bill
- n Over 9,000 bills are proposed (every 2 year session) and fewer than 5-10% are enacted
- n Most bills originate in the Executive Branch
- n A bill must survive three stages to become a law
committees, the floor, and the conference committee. A bill can die at any stage.

Supreme Court and Judicial Choice Paul R. Dimond, 2025-10-01

The conventional wisdom holds that the Supreme Court provides the final word as the Court tells the people what the Constitution commands In interpreting uncertain constitutional text however the Court is not provided with a single answer but must itself make hard choices Such choices by an unelected Court appear to conflict with the basic principle of majority rule by the people through their elected representatives in our democracy Over time through public debate new arguments before the Court legislation new appointments to the Court and constitutional amendments however the Court's prior judgements evolve are distinguished or modified and are even directly overturned Viewed from this longer term perspective the Court's supposedly final rulings can therefore be seen as an integral part of an ongoing national dialogue over the meaning of the Constitution This understanding makes judicial review more consistent with our tradition of government by the people rather than by the Court To explore this understanding The Supreme Court and Judicial Choice develops a provisional approach to judicial review under which a surprisingly large number of judicial rulings would be subject to modification by ordinary legislation enacted by Congress Far from rendering the Court a powerless subject of Congress this proposal would enhance the vital role of the Court in stimulating and shaping the ongoing dialogue with the people over the meaning of the Constitution
