The Successful Construction Supervisor and Foreman Paul Netscher, 2019-03-22 Construction is desperate for good experienced skilled and dedicated supervisors and foremen Construction needs you Being a construction supervisor or foreman is challenging it s hard work but it s also rewarding watching projects take shape under your watch A supervisor s job is never boring every day is different each project is different different locations and different people all presenting new challenges A construction foreman foreperson or supervisor supervises a work crew or manages a section of work They re at the coalface of every construction project the critical link in the construction process Good foremen and supervisors are essential to the success of every construction project and every construction company indeed they re invaluable Yet few managers and supervisors are prepared to mentor and train the next generation of supervisors and foremen Most supervisors and foremen have years of experience on the tools learning their trade sometimes through apprenticeships but mostly learning from others These skills are focused on a particular trade or skill But being a supervisor is a different ballgame Where before as a trades person they were doing the work themselves now as supervisor they must organise and manage others doing the work I m a construction professional with 30 years of experience and the author of several acclaimed construction books including *Successful Construction Project Management The Practical Guide* and *Construction Management From Project Concept to Completion* As a young engineer and later as project manager I was fortunate to learn from many excellent supervisors and foremen I wouldn t have achieved what I did without the foremen on my projects They were the powerhouse on my construction projects and I only had to steer the project to a successful conclusion Now it s my turn to share my 30 years of construction experience and knowledge with construction supervisors and foremen To explain why things are done in a certain way why

good paperwork is essential but more importantly to help supervisors and foremen become the very best
