The Bur, 1900 **Senate Legislative Record ... Legislature State of Maine** Maine. Legislature, 2000 **Brittle Never Broken** LaViza Lockwood, 2017-05-12 After LaViza Lockwood is born her mother notices something is wrong but doctors cannot detect a problem It is not until LaViza becomes a walking toddler that she is diagnosed with Osteogenesis Imperfecta OI also known as brittle bones This debilitating bone disease causes LaViza countless fractures numerous surgeries and several months of hospital stays But she still manages to do what others in her environment are doing gambling drinking drugs and sex all prior to being of legal age LaVizas mother is single with three children She has several nervous break downs which causes her to attempt murder and suicide Unable to maintain employment government assistance becomes her only source of income As a result her best option for residency is to live in the Wellrock Gardens housing projects Many of LaVizas family members and friends succumb to substance addictions in order to cope with living in poverty and fear However LaVizas biggest fear of becoming entangled in the vicious cycle of generational poverty crime and addiction is what makes her take drastic chances to not become a statistic Brittle Never Broken is definitely not your typical rags to riches memoir because riches refers to LaVizas ability to remain self motivated despite relentless afflictions and heartaches LaVizas bones are brittle but nothing or no one can break her awesome spirit **First Acts** Kermit Frazier, 2022-04-06 Playwright and television writer Kermit Frazier began life as a precocious Negro boy growing up in southeast Washington D C during the Civil Rights era of the 1950s and 1960s As a student at an all Black elementary school Kermit was selected for a newly formed honors track at a predominantly white secondary school Traveling a complex path Kermit tore down segregation barriers balanced on an academic pedestal and battled an internal war of denial against his same sex attractions This memoir is not a story about a young man rising from the hood but rather a young Black man struggling with stereotypes identity and mild dyslexia while straddling two middle class worlds Black and white and striving not to be everyone s other Uncovering Up William L. Jones, Charles Stough, 1977 *Our Woman Workers* E. R. Hanson, 1884 *House Legislative Record of the ... Legislature of the State of Maine* Maine. Legislature, 1996 **Me and Mr. C** Chance Montana, 2007-06-01 Ever wonder what goes on inside the head of that brilliant yet quiet person you may think you know Me and Mr C is among other things a unique look in first person narrative from the inside of just such a head as best such a phenomenon can be captured anyway It is also an example of the vast difference that can be made in a life of misunderstood or tortured genius when there exists a mentor possessed of sufficient wisdom to provide the requisite guidance Today more than ever before the difference between a new DaVinci or a new Uni bomber is so very much the difference between the presence or absence of just such a mentor Without giving too much away here this book asks you to think to get outside of yourself and step inside of a singularly isolated and rare narrative voice This book asks if you are capable of leaving preconceptions behind and seeing with different eyes at least for a little while I hope you enjoy the view

Griffith,1960 *It'll Never Happen Again* Raoul Moret Pierre,2011-08-31 Before the great depression started in 1929 times were hard for colored people in the south especially in large cities but not as much in rural areas Most of the rural areas were littered with sharecroppers who were mostly holdovers from the slavery era and stayed on the land they were born Most of them had never been any further than the nearest town close to where they lived Three such families lived on land their families had farmed for years The landowners were the Holcomb and Nobles and the three families that lived and farmed the land were the Carters the Longs and the Isaacs The Carter family was Granny Nettie Adams her son in law Abraham his wife Eve and three kids the Long family John Henry his wife Florence called Flossie and their three kids and the Isaac family of four William his wife Cara and two kids They all lived and worked as sharecroppers on the Holcomb and Nobles land just north of Denmark South Carolina On December fifteenth 1921 John Henry Long s wife Flossie gave birth to their third child a girl named June but Flossie died shortly after giving birth due to complications John Henry did the best he could to care for his three children and hired a neighbor s daughter to care for his kids while he worked his land She worked for him for over a year until she wanted to get married and leave Denmark Initially he would take the kids to the field with him and his oldest son Bankston who he called Banks who was only seven would watch the kids who were Mae Helen five and the baby who was barely walking June and he called her Lil Sis One day Granny Nettie came to the fields to bring her son in law Abe his lunch and saw John Henry s kids and offered to care for them along with her own three great grandkids Her granddaughter Eve worked at the Holcomb s house as the cook after her mother died in the winter of 1918 She was an only child since her mother died at age twenty three and her father left going to Charleston and never came back Everyday before he went to the fields John Henry would bring kids to the Carter house This arrangement worked very well until the summer of 1923 when Abe was killed in an farming accident His mule kicked him in the head and he was drug with the plow The news of his death devastated Eve and left her wondering how she the kids and Granny Nettie were going to make it and be able to farm the land Eve had loved Abe since she first saw him in town at the general store when she was ten and married him when she turned sixteen Abe s family lived on the other side of Denmark but shopped at the general store like most people in the area After Abe s death John Henry began to stay at the Carter s when he came by to pick up his kids have dinner and would flirt with Eve At first she didn t acknowledge his flirting but after a long talk with Granny Nettie about John

Henry's flirting and her need for a husband to provide for her and her three kids she gave in and married him in late 1924. It wasn't about love because she said she could never love another man after Abe; it was just about the kids and both of their needs to support them. Eve decided to move to John Henry's house and Granny Nettie came with them to watch the kids during the day while he worked the fields, and Eve continued to work at the Holcomb's house. At first the arrangement worked great until the spring of 1925 when John Henry made the boys go to the fields with him to work. Most days the kids went to the Denmark School for Colored Children. Eve's sons Joshua called Josh and Daniel called Danny, and John Henry's son Bankston called Banks would go to the fields some days, but John Henry began to make them stay out of school and began to treat Eve's sons differently. He would beat them with his strap sometimes two or three times a week if they didn't do what he told him to do in the Communicator Iowa. Department of Public Safety, 1994
