which layer on beauty and fine detail In these pages Fultz outlines this methodology then uses it to build a doctrine on the issue of end times timing and sequence He starts by listing all of the verses that address the subject both directly and indirectly then builds the doctrine piece by piece Using simple logic and precision combined with abundant charts for easy comprehension Fultz illustrates how like a well designed building good biblical exegesis results in a precise trustworthy result Prophecy s Architecture will challenge those who are already committed to or unsure about today s ready made explanations and give others who don t know what they believe a systematic method for discovering answers for themselves
