

# PUBLIC HEALTH ADVOCATES' 2022 Voter Guide

## CALIFORNIA PROPOSITIONS

### PROP 1

YES ☒

Prop 1 amends the California State Constitution to establish a right to reproductive freedom. This includes abortion and contraceptives.

**PHA SUPPORTS** Prop 1. Reproductive freedom is a basic human right. It is a critical component to public health.

### PROP 26

NEUTRAL ☐

Prop 26 legalizes in-person sports betting at tribal casinos and racetracks. It also lets those casinos offer new games such as roulette and craps. Casinos would negotiate what they offer with the state.

Racetracks would pay 10% of sports bets each day to the state – after subtracting prize payments. Casinos would negotiate what they pay to the state. Most of this funding would support education. Some would help cover costs for gambling addiction and enforcing gaming laws. Anything left would go to the state's general fund.

**PHA is NEUTRAL** on Prop 26. Increased gaming can create public health challenges for communities such as increases in addiction. However, Prop 26 will create increased revenue for native tribes. This will help them address a wide range of public health priorities.

### PROP 27

NO ☒

Prop 27 legalizes mobile sports betting for tribes and gambling companies who pay a \$100 million licensing fee. These companies also pay 10% of bets each day to the state – after subtracting prize payments. This money will go into a new fund. 85% of this fund will address issues such as homelessness and gambling addiction. The remainder will go to tribes who are not involved in online betting.

**PHA OPPOSES** Prop 27. Studies suggest online sports gamblers are five times more likely to develop addictions to gambling. Since 90% of the revenue from this gambling will leave the state, only a small portion of funding will stay in California to help address addiction or homelessness.

### PROP 28

YES ☒

Prop. 28 dedicates 1% of existing school funding to music and the arts. Any aged school will also receive extra funding for music and the arts.

**PHA SUPPORTS** Prop 28. Music and the arts support child development and wellbeing.

### PROP 29

YES ☒

Prop 29 requires kidney dialysis centers to have licensed medical staff on-site or have a medical director. It also requires them to disclose doctors who own at least a 5% stake in the center.

Prop 29 prohibits these centers from closing without state approval. It also prohibits centers from refusing to treat a patient based on their type of insurance.

**PHA SUPPORTS** Prop 29. Dialysis patients require this life saving treatment. These common-sense steps protect patients and do not place heavy financial burdens on centers.

### PROP 30

YES ☒

Prop 30 establishes a 1.75% income tax increase for people with personal incomes over \$2 million to help expand electric vehicle use and fund wildfire prevention.

**PHA SUPPORTS** Prop 30. Climate change is a major public health issue. Gasoline-fueled vehicles contribute to greenhouse gasses. Expanding electric vehicle access and preventing wildfires are critical policies for the environment.

### PROP 31

YES ☒

Prop 31 upholds the existing ban on flavored tobacco products. California passed a law in 2020 banning the sale of flavored tobacco. A "yes" vote supports the 2020 law and keeps the ban in place.

**PHA SUPPORTS** Prop 31. Smoking is a major public health problem. Tobacco products are harmful. Tobacco companies introduced flavored products to entice kids. Tobacco companies also use these products to target low-income communities and communities of color.

## SACRAMENTO LOCAL MEASURES

### MEASURE L

YES ☒

Measure L creates and provides ongoing funding for the Sacramento Children's Fund. The fund supports programs that provide critical health, substance abuse prevention, and violence prevention for youth 25 and younger.

**PHA SUPPORTS** Measure L. It ensures the city has resources to provide critical services and preventive programs to youth, without raising taxes.

### MEASURE O

NO ☒

Measure O requires the city to create new shelter "spaces" for 12% of the current homeless population but does not provide the funding to do so. It criminalizes "encampment" of four or more people, even if those people are a family. It allows anyone "harmed" by an encampment to sue the city for up to \$5 million – as long as the City and County enter a binding partnership agreement on the issue.

**PHA OPPOSES** Measure O. Sacramento's jail cells are more humane than the "shelter spaces" Measure O would create. Measure O does not help unhoused people. It just forces them where they would go. It defies federal court orders and invites costly lawsuits. Passing this measure would make an already terrible public health crisis much worse.

## STOCKTON LOCAL MEASURE

### MEASURE C

YES ☒

Measure C allows the city to issue a \$215 million bond to expand career and technical education facilities. These facilities cover education in engineering, health care, and information technology. The funding also covers roof repairs, plumbing, and improvements in classroom safety and security.

**PHA SUPPORTS** Measure C. Students deserve more resources for education, training and safety.

We hope that the information we've provided will help you make an informed decision on these important ballot measures.

## **Conservative Voter Guide California:**

**California's Recall Election of Gavin Newsom** Larry N. Gerston, Mary Currin-Percival, Garrick L. Percival, 2022-08-02  
California went through a political earthquake of sorts when the state recalled Governor Gray Davis in 2003. In 2021 the state faced another political turning point with the threatened recall of Governor Gavin Newsom. Less than two years after Newsom's overwhelming election victory, more than two million Californians signed on to the recall effort, hoping to expel him from office in a special election. How could such a monumental turnabout be possible? Normally the political headwinds would be much too strong for a movement to oust a governor who had decisively vanquished his opponent. But with the COVID-19 pandemic dominating every aspect of society, including politics, these weren't normal times. Organizing a recall election is a demanding enterprise; it takes abundant political energy, tremendous amounts of anger with the status quo, and mounds of money. Yet for the second time in less than two decades, such wheels were set in motion. What is it that makes California so dynamic yet so fragile? This book explains that paradox and, in the process, enlightens readers about the recall process, the challenges of federalism, and the pitfalls of direct democracy. It examines the underlying conditions that expose a state with poorly linked institutions, a bitterly divided society, and a governor who had to act under nearly impossible conditions, demonstrating his strengths and vulnerabilities along the way. It's a story that could happen only in California, a state with a history of only stories. Designed to be useful in a variety of college courses, this book is the first to unveil the Newsom backstory and will appeal to pundits and politicians as well as interested general readers. *God at the Grass Roots, 1996* Mark J. Rozell, Clyde Wilcox, 1997. *God at the Grass Roots, 1996* is composed of entirely new and original essays that analyze the impact of the Christian Right in the 1996 national and local elections. The nation's leading scholars of religion and politics identify and illuminate numerous trends that have dramatically evolved since the landmark elections of 1994. More than simply a revised version of the popular *God at the Grass Roots*, this fundamentally new edition examines the Christian Right's nationwide influence, and the essays arrive at starkly different conclusions about America's most organized and observed political interest group. This text will complement all courses on parties and elections, religion, and politics.

**Abortion Politics in American States**, California Voter Information Guide, 2000 *Midterm* Philip A. Klinkner, 2019-03-13. By all accounts, 1994 represents sweeping electoral and policy change rarely seen in any American election, let alone a midterm. This book puts 1994 in context with other significant midterm elections from 1810 to the present. It also captures the very contemporary concerns unique to 1994: the role of the religious right, the angry white male, and

**Investigation of Illegal Or Improper Activities in Connection with 1996 Federal Election Campaign** United States Congress, Senate, Committee on Governmental Affairs, 1998. *The Christian Right in American Politics* John C. Green, Mark J. Rozell, Clyde Wilcox, 2003-05-06. From the first rumblings of the Moral Majority over twenty years ago, the Christian Right has been marshalling its forces and maneuvering its troops in an effort to reshape the landscape of American

politics It has fascinated social scientists and journalists as the first right wing social movement in postwar America to achieve significant political and popular support and it has repeatedly defied those who would step up to write its obituary In 2000 while many touted the demise of the Christian Coalition the broader undercurrents of the movement were instrumental in helping George W Bush win the GOP nomination and the White House Bush repaid that swell of support by choosing Senator John Ashcroft once the movement s favored presidential candidate as attorney general The Christian Right in American Politics under the direction of three of the nation s leading scholars in the field of religion and politics recognizing the movement as a force still to be reckoned with undertakes the important task of making an historical analysis of the Christian Right in state politics during its heyday 1980 to the millennium Its twelve chapters written by outstanding scholars review the impact and influence of the Christian Right in those states where it has had its most significant presence South Carolina Virginia Texas Florida Michigan Iowa Kansas Minnesota Colorado California Maine and Oregon and Washington Since 1980 scholars have learned a good deal about the social characteristics religious doctrine and political beliefs of activists in and supporters of the Christian Right in these states and each contribution is based on rigorous dispassionate scholarship The writers explore the gains and losses of the movement as it attempts to re shape political landscapes More precisely they provide in depth descriptions of the resources organizations and the group ecologies in which the Christian Right operates the distinct elements that drove the movement forward As the editors state the Christian Right has been engaged in a long and torturous march toward the millennium from outsider status into the thick of American politics Those formative years 1980 2000 are essential for any understanding of this uniquely American social movement This rigorous analysis over many states and many elections provides the clearest picture yet of the goals tactics and hopes of the Christian Right in America     California Voter Information Guide, Ballot Pamphlet ,1998     **California Political Week** ,2004

*Prayers in the Precincts* John C. Green,Mark J. Rozell,Clyde Wilcox,2000-04-04 In the wake of the Clinton Lewinsky scandal the Christian Right expected major victories in the 1998 elections Instead many of its allies lost close contests and the movement was seen as a liability in some high profile campaigns In the only in depth study of the Christian Right s role in these races leading scholars analyze the role of the movement in fourteen key states from Maine to California and address speculations that the movement is fading from the American political scene The book focuses on elections on the state and local levels where the Christian Right is most influential and it describes the movement s niche in some detail Although each campaign described in the book had its unique characteristics the editors have drawn some broad conclusions about the 1998 elections While the movement was weak in the areas of candidate recruitment and fundraising they say the outcome may have also been related to external factors including a broader turnout of typically Democratic constituencies and the country s boredom with the scandal that conservatives had made the centerpiece of their campaign Despite the setbacks of 1998 the contributors argue the Christian Right continues to have an enormous influence on the political dialogue of the

country Written from an unbiased nonpartisan perspective this volume sheds light on a topic that is too frequently mired in controversy

**The Undecided Voter's Guide to the Next President** Mark Halperin,2009-10-13 Who s ready for the oval office They call it a horse race and in this election the candidates got out of the gate early But it s still hard to tell them apart and make a choice Mark Halperin veteran reporter and political analyst sizes up the White House hopefuls with intelligence insight and his trademark wit offering engaging in depth examinations of the histories qualifications agendas and personal beliefs of the major candidates including Hillary Clinton John Edwards Rudy Giuliani John McCain Barack Obama Mitt Romney and Fred Thompson as well as some dark horse contenders Among the features in this book Issue by issue charts defining where each candidate stands on the war in Iraq health care taxes the economy and other significant points of debate An assessment of each candidate s strengths and weaknesses A hypothetical glimpse into the future of each candidate s potential presidency Areas of possible controversy that could spark heated discussion and affect the outcome of the race Personal facts and anecdotes about each candidate including exclusive Q As covering everything from their junk food weaknesses to their biggest superstitions
