Students Education Reimagined Transform Learning Through Technology Computational Thinking Meets Student Learning

Standards of Practice for Teachers Sue A. Walker, Mary Jane Smart, P. Diane Frey, 2013-09-27 At this book's core is the fundamental belief that teacher quality is the single most important factor in student learning. It shows you how to improve your students' academic achievement by focusing on what teachers know and are able to do. This brief handbook serves as a practical tool which provides professional growth benchmarks for aspiring and practicing teachers, a framework to use when hiring new teachers, common language for dialogues on learning and for teacher evaluation, and a clearer focus on professional development. Six Standards of Practice is presented in simple, practical, classroom-oriented terms. Also displayed are rubrics which reveal and distinguish emerging, developing, proficient, and advanced practices. **The Sentence Method**

Bridgman, 2020 The purpose of this book is to share with teachers a successful coaching model that has been researched, designed, piloted, evaluated, and used across a range of schools. It is a peer coaching model which teachers use with teachers. It is a model which, as a coach or coachee, both parties will learn from. While the model is directed to teachers, it is equally applicable and transferable to other professions. The book is clear and concise, with relevant background information, a step-by-step process, and includes case studies. A Manual for Elementary Student Teachers Janet Elspeth Norrie, 1964
