

## Study Guide Questions: *Brave New World*

### Chapter 1

1. What are some indications within the first several pages that suggest *Brave New World* is a futuristic novel?
2. In *Brave New World*, Huxley provides the necessary exposition by having the expert explain the situation to the novice who knows little about it. Specifically, the Director is explaining the activities of the Central London Hatchery and Conditioning Centre to a group of students. At the start of the novel, why do you think the reader is not told directly what is being hatched?
3. In a short summary, explain what happens in the Hatchery. Include details about the process as well as definitions for any of the terminology.
4. The process that each egg undergoes is not only related to the work that particular individual eventually will do, but it is also directly related to the **type of person he or she will become**. List the five types of people in this world.
5. Explain the differences among the five types of people. How is a person's classification determined? What is the reason for categorizing people this way?
6. In this World State, what is the primary function of The Hatchery and Conditioning Centre?
7. In what way is Huxley's presentation of the Director satirical? Provide an example from the text to support your answer.
8. Describe and explain the response of the students to the Director.
9. Who are Henry Foster and Lenina Crowne? What is your opinion of each?
10. What might be annoying about the Director's and Mr. Foster's explanations?
11. According to the Director, in what way is the Bokanovsky process a major instrument of social stability?
12. Explain the motto, "Community, Identity, Stability."
13. What are some actual scientific principles presented in this chapter? According to Mr. Foster, what problem exists in the Hatcheries that is "all but solved"?
14. Considering the scientific principles that have been established in the new world, what do you think the State sees for the future of society?

### Chapter 2

1. Briefly explain what happens in the Conditioning Centre. Through what process do the infants become conditioned?
2. In Chapter One, the date was given as "this year of stability, A.F. 632." In this chapter, Huxley hints at the meaning of this odd dating system. What does A.F. stand for, and what does A.D. stand for?
3. Describe the type of religion practiced in Huxley's futuristic world. Whom do these people consider as their god? Why?
4. Why are the Delta children conditioned to dislike books and nature?
5. Why can hypnopaedia be used to inculcate moral beliefs and emotional attitudes but cannot be used to learn science?
6. Near the end of Chapter Two, what does Huxley state is the aim of the new world's conditioning?
7. At the end of the chapter, the Director says that the conditioned mind is made up of suggestions from the State. He begins to add, "It therefore follows,..." However, he is interrupted before he can finish the sentence. What do you think he would have said to complete that thought?

### Chapter 3

1. Throughout the novel, Huxley uses names symbolically and satirically, often referencing notable thinkers, politicians, and historical figures within his characters' names. For example, as previously noted, Lenina's first name resembles the last name of Communist leader Vladimir Lenin. What other significant names can you identify up to this point in the novel?
2. What is meant by the paragraph following the Controller's declaration, "History is bunk"?
3. Throughout Mond's lecture, Huxley switches back and forth to other scenes and conversations that are happening elsewhere at the same time. How are these other scenes and dialogues related to Mond's lecture?
4. What contradictions do you see between what Mond says and what the others are expressing?
5. Find an example of something in this society that you find disturbing. Explain the reasons this idea disturbs you.
6. What are you able to understand about the drug "soma," and what is your opinion of this drug?
7. In your opinion, why do people in this new world need soma?
8. As the chapter progresses, what do you notice about the shifting of scenes and speakers?
9. How do the Controllers of the new world define happiness? State why you agree or disagree with the Controllers' definitions.
10. Why does so much effort go into conditioning people to be consumers? What aspect of his own society might Huxley be satirizing?
11. According to Mond, what social problems have been eliminated in *Brave New World*?
12. What are people giving up to achieve these goals?
13. Do you think that anything like this is happening now or might happen in the future? Consider the fact that Huxley wrote this book in 1931, and take into account the many scientific advances since then.
14. At this point, what is your opinion of Huxley's new world? Is it a utopia or a dystopia? What, if anything, appeals to you about the new world? What aspects, if any, do you find unpleasant or disagreeable?

### Chapter 4

1. What is your opinion of Lenina? Include some specific examples of things Lenina says or does that have influenced your point of view.
