Assessing and Addressing Literacy Needs Barbara Combs, 2011-04-07 Assessing and Addressing Literacy Needs Cases and Instructional Strategies is designed to help preservice and inservice teachers understand the problems that children encounter when learning to read and to provide key instructional strategies related to best practices in literacy instruction. The text promotes reflection and analysis that will provoke thoughtful responses and discussions to help teachers use assessments to identify problems and employ appropriate strategies to help their students become better readers. Provided by publisher Differentiated Literacy Instruction Sharon Wapole, Michael C. McKenna, Zoi A. Philippakos, John Z. Strong, 2017-07-05 The goal of this book is to answer the question What is differentiated instruction. It offers pre-service and in-service teachers the background and foundational skills they will need to understand, plan for, and achieve effective differentiated literacy instruction in their classrooms based on individual student needs. Chapters provide essential information about how to analyze and synthesize data from assessments, use the information for grouping students, and then plan and implement differentiated instruction. Many specific hands-on descriptions and exhibits are provided. Case studies of real classrooms demonstrate effective differentiated instructional techniques. End of chapter Practical Application questions allow readers to apply chapter concepts as they learn to motivate and teach diverse learners.
