The Gambling Act 2005 Great Britain: Parliament: House of Commons: Culture, Media and Sport Committee, 2012-07-24 High street betting shops and casinos alike are currently allowed a maximum of four B2 FOBT gaming machines which allow stakes up to 100 and a 500 prize Casinos should instead be permitted to operate up to twenty B2 type gaming machines Limiting the number of B2 machines in betting shops has encouraged them to cluster in some high streets in order to satisfy customer demand Local Authorities should have the power to permit more than the four B2 machines per shop if they believe it will help with clustering The Committee also recommends that any local authority be able to make the decision as to whether or not they want a casino As a step towards this existing 1968 Act Casino licences should be made portable allowing operators to relocate to any local authority provided that they continue to be constrained by the need to obtain local authority approval a premises licence and planning permission The failure to set remote gambling taxation at a level at which online operators could remain within the UK has led to almost every online gambling operator moving offshore whilst most are still able to advertise and operate into the UK The Committee further recommends the Gambling Commission should introduce a new licence fee structure which reduces the current anomaly where small independent bookmakers pay much higher fees per shop than large chains Particularly given the absence of a significant UK regulated online sector or any Regional Casinos the Gambling Commission remains an overly expensive bureaucratic regulator Haryana Current Affairs Yearbook 2023-2024 in English MYUPSC, Haryana Current Affairs Yearbook 2023 2024 in English Haryana Current Affairs 2023 2024 is one of the most important sections in competitive exams such as HPSC and other Haryana State Level Government Exams The Current Affairs section in the competitive exams aims at assessing your knowledge about social economic political and other important developments Thus it is important to align your exam preparation with the Latest Current Affairs 2023 2024 and daily General Knowledge updates These Current Affairs will not only help you score better in the upcoming Haryana State Civil Services Exam and other Government Exams but will also expand your knowledge about the latest news Please note that the Current Affairs PDF contains reliable and official sources Haryana Current Affairs 2023 2024 is prepared by referencing the official website and is factually correct Haryana Current Affairs Yearbook 2023 2024 in English Haryana Current Affairs Yearbook 2023 2024 Haryana Current Affairs Yearbook 2023 Haryana Current Affairs Yearbook 2024 in English Haryana Current Affairs Yearbook 2024 Haryana Current Affairs Year book 2024 Haryana Current Affairs Year book 2023 **The Economics of Sports Betting** Plácido Rodríguez, Brad R. & Advertising) Bill Great Britain: Department for Culture, Media and Sport, 2012-12-03 This year's accountability hearings focused on three areas of particular interest the arrangements for revalidation of doctors which are to commence on 3 December 2012 and associated matters such as patient involvement and examination of the language competence of doctors the professional leadership activity undertaken by the GMC in the last year and the regulation activity undertaken by the GMC including the establishment of the Medical Practitioner Tribunal Service The Council is performing effectively in its two roles of defining and applying standards for the medical profession and providing a focus of professional leadership The outcome of the Law Commission's consultation on professional regulation in the health and care sector which proposed a formal role for the Health Committee in the accountability structures is still awaited Specific concerns included that whilst there has been some progress on the amendment of domestic legislation which restricts the language testing of doctors this is no substitute for the revision of the European legislation which presently prohibits language testing of doctors on a national basis There have also been continued upward trends in complaints against doctors received by the GMC and the Committee expects to examine in 2013 the outcomes of further research the GMC has commissioned into these trends The Committee feels that the present 15 month target for the GMC to complete 90% of its fitness to practise cases should be lowered to 12 months The Committee also welcomes proposed legislation to enable the GMC's investigatory arm to appeal against decisions made by the MPTS where the outcome of a hearing is disputed
