Handbook of Research on Critical Thinking Strategies in Pre-Service Learning Environments Mariano, Gina J., Figliano, Fred J., 2019-01-25. Learning strategies for critical thinking are a vital part of today's curriculum as students have few additional opportunities to learn these skills outside of school environments. Therefore, it is of utmost importance for pre-service teachers to learn how to infuse critical thinking skill development in every academic subject to assist future students in developing these skills. The Handbook of Research on Critical Thinking Strategies in Pre-Service Learning Environments is a collection of innovative research on the methods and applications of critical thinking that highlights ways to effectively use critical thinking strategies and implement critical thinking skill development into courses. While highlighting topics including deep learning, metacognition, and discourse analysis, this book is ideally designed for educators, academicians, researchers, and students.

Planning Effective Instruction Kay M. Price, Karna L. Nelson, 2007. Featuring a new organization and expanded discussion of curriculum instruction and management, the Third Edition of PLANNING EFFECTIVE INSTRUCTION even more fully equips readers for teaching in ways that meet the needs of all students in today's diverse classroom. The four-part reorganization corresponds with a new framework for diversity-responsive teaching that helps focus planning for diversity. Represented by a visual organizer, this framework helps readers see how what you teach, how you teach, and the context for teaching interact to bring about the success of all students.

Laboratory Operations and Management Jeanne Isabel, Patricia Ellinger, Dana Griffin, 2024-10-01. Management and lab operations for career entry level students. The path to leadership success in the lab begins with a firm foundation in the many facets of management. Designed to meet the needs of today's students, this new text introduces the principles of laboratory management and demonstrates how to apply them in the real world. It builds a foundation in the administration of personnel and finance. It also addresses the broad range of knowledge needed to become an effective leader in today's increasingly complex environment: quality measures, compliance, safety regulations, and professionalism information critical for all laboratory personnel, including the new supervisor.
