with upstream work the phase of a promising idea or initiative where the unknowns predominate to problem solve anything thus unlocking downstream actions from alignment to decision making to execution With Rafiq s guidance you ll overtake your competitors by moving upstream embracing workflows that convert unknowns to clear recommendations alignment and action In addition you ll receive direct advice from the CEOs presidents of H R Block Volvo Peacock Restaurant Brands Orange Theory Fitness among others and learn from in depth case studies such as Amazon s disruption of publishing the massive digital transformation of McDonald s the secret of launch of Apple Pay Volvo s push for sustainability and more Don t just be ready for the next frontier of business be continuously ready for the unknowns with Decision Sprint **Business**

**Week ,2002** **Amazon Ads Unleashed** Robert Ryan,2019-11-02 Do you sell as many books as you want to Amazon ads revolutionized publishing But how do you get them to work Have you bought books that promised answers or paid hundreds of dollars for courses yet still struggle to profit Do you belong to a secret Facebook group but fear being ripped off Amazon ads are hard to master But if you do they ll reward you They tap into an audience hungry for books and willing to pay full price The ads follow a standard pay per click advertising model Marketers have had two decades to figure out how that model works There s a skillset for the job This book explains it If you re tired of rumors guesses and secret strategies this book shows you How to tap into a buying audience The neuroscience behind clicks that don t convert and how to get more that do The tactics of expert optimization Ad types to avoid and why Why scaling is so hard This book gives you the knowledge to advertise at profit It ll surprise you and bust the myths holding you back You ll never look at advertising the same way again Are you ready to unleash your Amazon ads **Connecting the Dots** Eucharia Ezigbo,2021-04-11 This book connecting the dots is a well refined write up on ebook and paperback publishing It highlighted the step by step methods involved in being a self published author and a consultant publisher who publishes for others for and make money It included the meaning of terms such as reading writing purposeful writing strong writing and the likes It also detailed a straight forward process of creating an Amazon account using kindle direct publishing to publish a readymade file created using the amazing amazon app the kindle create app software Ever heard of the the 97% and 3% theory It s inside this almighty book Also it expanded all the anatomies of a book so that any writer will know what is expected of him depending on the type of book being written The book also highlighted how to make a book become a bestseller so if you re planning to write a bestseller book dive into this wealth of knowledge This book also highlighted strong writing as a sort of writing that captivates the readers such that the audience are willing to do anything to have access to them including paying anything for the write up Some writers don t know when they are supposed to stop writing when they are still writing their manuscripts which is the unpublished book The book also described the difference between a book and a good or acceptable book It also explained the differences between an ebook and a paperback Every book both acceptable and non acceptable ones has some basic sections which must be there before the book will be addressed properly The book also explained the different things

that must be noted before writing a book Since a writer cannot just start writing a book without planning In other words a book must be formatted before publishing and this book explained in details the two types of formatting which are the manual and the advanced formatting methods It explained in details the step by step guide on using the kindle create app which is the bedrock of advanced method of publishing It also explains the benefit of KDP for publishing which includes the fact that KDP has a lot of useful features like free file conversion sales tracking and other tools for formatting etc With KDP you can reach more readers and earn more money at no cost and you will be able to upload a single Kindle book or a whole Kindle catalogue The steps to follow in creating a Kdp Account how to resolve the complexity of the Tax form since most countries have norecognizable tax identification number Indicating whether you have a Tax Identification Number TIN Since Nigerian TIN is not recognized because Nigeria has no Tax Treaty with the US Even in Nigeria only companies have TIN and you as an author you are an individual So choose a corresponding alternatives Also how to settle the payment methods withdrawals issues using other online methods since most countries are not allowed to do money transfers using any means including paypals and western union This book also tells us how the international standard book number facilitates ordering acquisition cataloguing and circulation procedures in libraries and documentation centres across political borders It identifies an individual book and its publisher and so is very necessary for a paper back In other words every book has a copyright This copyright is the protection of ownership rights to the contents of the book The information written in any book in the copyright page states the extent to which you can use the contents and who to contact before usage Copyright abuse is a great crime all over the world It can cost you money and your freedom imprisonment if infringed upon You must be careful when inputting any content on Amazon for publication For example if there are lines you copy from other sources without doing proper referencing amazon will not publish the title and can block your account The copyright page contains the Copyright owner who is an author

**Bestseller Tactics 2** Glyn Williams,2013-11 The Ultimate Book Marketing System Includes the latest strategies using Kindle Countdown Deals and Kindle Matchbook So you ve self published your kindle book on Amazon and now you re waiting for the money to come rolling in You may be waiting a while and you ve learned that it s not

as easy as they say to make money with Kindle then chances are that you are spending more and more time marketing than you spend writing and that's not good. Creating a book is a great achievement. Even when your book is primed for marketing as covered in Bestseller Tactics Book 1, you still need to give it a push to get things rolling. The problem is that sometimes you have a good launch and all goes well and sometimes it doesn't work as well. This leaves you wondering what you did right and what you did wrong. Then of course the sales slip into oblivion and you have to start all over again. Frustrating isn't it? Imagine if you had a system that guaranteed to get your book moving. Giving it the best chance of success in sales. How would that feel? Would it make a difference to you? That is what you will find in this second book in the Bestseller Tactics series. This book contains a step by step repeatable system of marketing for Kindle and Paperback books on Amazon. It covers the launch using a free promotion and continues with the ongoing marketing of your books. Breaking the launch process into four stages, you will be able to comfortably repeat the same methods time and time again with the results clearly visible in your sales figures. The book comes complete with a supporting documentation pack containing checklists and a comprehensive collection of places to market your books for free. In total, this gives access to almost half a million readers. Every single time that the full launch system has been used, the book in question has reached well into the top 100 free on a KDP Select promotion, all within two days. Also hitting the top three of the Hot New Releases. That's right. Every Single Time. What's Inside The Launch System: Sustaining Sales Using Paid Promotions, The 0.99 Promotion, The Re-Launch, Over 300 places to market your book for free. Comprehensive supporting documentation. And Much More. I'm not going to promise you that everything will be easy; those who have read my work before will know that I do not work that way. You already know that the business of an author is more a marathon than a sprint. Coupled with Book one in the series, this will give you a solid system of marketing which makes the best of the Amazon Algorithms and gives you a repeatable method of getting your book seen by readers. This book series is aimed at those authors that are serious about selling more books on Kindle using advanced sales marketing techniques. The books contain practical advice and methods that are all backed by rigorous testing. It's a bullshit free zone, unlike many of the books or WSO's available that promise you riches beyond compare. You like the sound of that? If you enjoyed the Kindle self-publishing Bible by Tom Corson Knowles and Derek Doepker's Kindle Bestseller Secrets, then you will like this too. If you enjoy the advanced techniques and strategies to sell more books like those shared by David Gaughran in Let's Get Visible and Anbu Rayappan's Kindle Book Millionaire, then you'll enjoy this also. Take A Look Inside Before you buy the book, have a read of the first chapter. Click the book cover image at the top left of this page.
