

and looked anxiously at the sky, which was even grayer than usual. Dorothy stood in the door with Toto in her arms, and looked at the sky too. Aunt Em was washing the dishes.

From the far north they heard a low wail of the wind, and Uncle Henry and Dorothy could see where the long grass bowed in waves before the coming storm. There now came a sharp whistling in the air from the south, and as they turned their eyes that way they saw ripples in the grass coming from that direction also.

Suddenly Uncle Henry stood up.

"There's a cyclone coming, Em," he called to his wife. "I'll go look after the stock." Then he ran toward the sheds where the cows and horses were kept.

Aunt Em dropped her work and came to the door. One glance told her of the danger close at hand.

"Quick, Dorothy!" she screamed. "Run for the cellar!"

Toto jumped out of Dorothy's arms and hid under the bed, and the girl started to get him. Aunt Em, badly frightened, threw open the trap door in the floor and clamped down the ladder into the small, dark hole. Dorothy caught Toto at last and started to follow her aunt. When she was halfway across the room there came a great shriek from the wind, and the house shook so hard that she lost her footing and sat down suddenly upon the

Dorothy generally remains consistent in pursuing her goal—to return home—but there are moments where curiosity or compassion lead her away from the path temporarily (engaging with various characters needing help). These deviations enrich the narrative by showcasing different facets of Dorothy's character but could be seen as inconsistencies if viewed strictly through the lens of goal orientation.

- **Antagonist:** The wicked witch of the West personifies fear and oppression blocking Dorothy's way back home.
- **Relationship Character:** Glinda represents guidance towards resolution, however withholding wisdom showing Glinda offering more direct advice early on might strengthen this archetype.
- **Obstacle Character:** The Wizard himself serves as both support and distraction—his initial refusal forces Dorothy onto unnecessary paths but ultimately teaches valuable lessons about self-reliance.
- **Support Characters:** Scarecrow (wisdom), Tin Man (heart), Lion (courage) each embody qualities lacking within themselves yet find them through their loyalty to Dorothy—a dynamic portrayed through deepening their internal conflicts could add depth.
- **Opposition Characters:** Munchkins or other minor characters occasionally express doubt over Dorothy's abilities which fuels conflict but could be amplified for tension enhancement.

Major characters like Scarecrow, Tin Man, Lion have well-defined arcs interacting with Dorothy, providing companionship while contributing their individualities towards achieving Dorothy's ultimate mission. However

*An Evolving Paradigm* Anthony F. Buono, 2012-05-01 An Evolving Paradigm An Evolving Paradigm

Integrative Perspectives on Organizational Design Change Strategic Management and Ethics was prepared specifically for Benedictine University's doctoral program in organization development OD. In addressing the myriad strategic considerations that underlie intervening in organizations, questions of posturing, image management, and ethics raise significant challenges for how we think about our role as change agents and the unique set of responsibilities that we assume in that role. An earlier volume in the Research in Management Consulting series, *Emerging Trends in Management Consulting*, focused on the Janus-faced nature of management consulting. Janus, the Roman god of doorways and gateways looking backwards and forwards with contrasting perspectives, beginnings and endings, comedy and tragedy, good and evil, is a useful analogy to capture the multidimensional nature, positive and negative, of the consulting realm. For all the challenges and shortcomings, the field of OD and change might encompass there are also those magical moments when our interventions succeed, when our efforts truly enhance organizational performance, and when organizational members grow, develop, and become more satisfied with their roles and activities. The reality is that the latter demands our conscious attention, commitment, and to some degree, sacrifice. When we are less thoughtful than we should be, when we are distracted by other commitments and obligations, or when we find ourselves in situations where we are less than prepared, is when Janus's other face materializes. The volume explores the possibilities and challenges inherent in OD intervention and change initiatives.
