**From Main Street to Mall** Vicki Howard, 2015-04-22 The geography of American retail has changed dramatically since the first luxurious department stores sprang up in nineteenth century cities Introducing light color and music to dry goods emporia these palaces of consumption transformed mere trade into occasions for pleasure and spectacle Through the early twentieth century department stores remained centers of social activity in local communities But after World War II suburban growth and the ubiquity of automobiles shifted the seat of economic prosperity to malls and shopping centers The subsequent rise of discount big box stores and electronic shopping accelerated the pace at which local department stores were shuttered or absorbed by national chains But as the outpouring of nostalgia for lost downtown stores and historic shopping districts would indicate these vibrant social institutions were intimately connected to American political cultural and economic identities The first national study of the department store industry From Main Street to Mall traces the changing economic and political contexts that transformed the American shopping experience in the twentieth century With careful attention to small town stores as well as glamorous landmarks such as Marshall Field s in Chicago and Wanamaker s in Philadelphia historian Vicki Howard offers a comprehensive account of the uneven trajectory that brought about the loss of locally identified department store firms and the rise of national chains like Macy s and J C

Penney She draws on a wealth of primary source evidence to demonstrate how the decisions of consumers government policy makers and department store industry leaders culminated in today s Wal Mart world Richly illustrated with archival photographs of the nation s beloved downtown business centers From Main Street to Mall shows that department stores were more than just places to shop

**EBOOK: Principles and Practices of Marketing 10/e** JOBBER AND ELLI,2023-02-21 EBOOK Principles and Practices of Marketing 10 e *Priced to Influence, Sell & Satisfy: Lessons from Behavioral Economics for Pricing Success* Utpal Dholakia,2019-06-23 Pricing holds the key to business success The greatest challenge in pricing is the human factor To price effectively customer psychology usually trumps rational microeconomic thinking How did Subway turn one accidentally discovered price promotion into a multi billion dollar success story How much knowledge of prices do customers really have Why do most people spend two months salary to buy an engagement ring Does Pay What You Want pricing really work How can you get your customers to trade up Why do Supreme t shirts sell for 1 500 or more Why do so many consumers hate Uber s surge pricing even though economists love it In *Priced to Influence Sell Satisfy* you will find answers to these and many more questions The book introduces the latest thinking about Psychological Pricing the science of designing effective pricing strategies using behavioral economics principles You will learn how customers search for evaluate share and use prices in their buying decisions how they participate in setting prices and what managers can do to understand and influence these processes Psychological pricing actions are levered Many of them require relatively small investments and produce disproportionately large returns to the business
