Cowboy Coffee and Inspirations Leslie L. Turner, 2014-10-21 Have you ever wondered what food has to do with the health of your spirit Everything Our body and spirit are so closely connected that to be truly happy and healthy we need to follow God s design we need food for our physical body and for our spirit Proverbs 3 7 8 NIV says Do not be wise in your own eyes fear the LORD and shun evil This will bring health to your body and nourishment to your bones Life is like a good recipe requiring several ingredients to accomplish a flavorful finish We should approach life as if we are creating a wholesome flavorful recipe with our eye on God to create that fantastic finish in us God has given us all we need food from His gardens and His Word Cowboy Coffee and Inspirations has easy recipes that will nourish your body while Leslie s stories will inspire and amaze you revealing how real God is Discover the amazing power you can access through Jesus Christ Percolations Marilyn J. Agee, Deirdre Nielsen, Susan Lamarre, Susan Smith, Mary Ann Campbell, Thomas Blacklock, 2010-10-19 Many a famous tale began with Once upon a Time While yet others led off with It was a dark and dreary night Each author using these openings was attempting to set the tone for his or her story and poem that followed None of the stories or poetry that follow in this book set their tone with such epic or historic and yes sometimes hackneyed openings Instead they all begin with what the individual author considered a fresh perspective on a subject of either his or her choosing or one chosen for him her In order to better understand this last statement an explanation of how these authors came together to write such stories is required In 2005 Milli Thornton the author of the book Fear of Writing for writers a rail against some minor injustice or poking fun at one of lifes inane situation became fodder for these authors Just as important as the prompt or fertile material as Thornton refers to them as was the understanding that the stories and poems when read at the conclusion of each weekly meeting would not be negatively critiqued unless requested by the author Instead each participant would receive positive feed back and encouragement on his or her works in hopes that it would inspire him her to continue writing The theory behind this kind of writing support can best be articulated in the words of Thornton when she discussed unleashing your imagination She advised The more you flex it the more limber it becomes Positive reinforcement was intended to aid in the limbering effort to encouraging them to continue to write and therefore become better writers That the theory proffered by Thorntons was effective one merely has to look at the limited success of several of the authors who have contributed to this book Two authors submitted and had their short stories selected to be read on Texas Public Radio One author received honorable mention in another short story competition Another of this group of authors finished and published a novel and has completed another book that is being readied for publication These accomplishments might have not been achieved had it not been for this writing group Moreover this book would have not been written had it not been for the desire and dedication of these authors who week in and week out continued to pour out their souls in their short stories Over the succeeding years numerous writers passed through this group Some moved on as their life situations changed others needed something other

than what was offered by the group And still others decided for personal reasons that the group did not satisfy their writing needs What remained was a constant core of writers who continued to meet and toil each Tuesday or whenever possible The stories and poems contained in this book are the works of that core of writers This group of writers hope that you the reader get as much joy from reading this collection of short stories as their authors did in creating them The book has been divided

*Imagining Tombstone* Kara L. McCormack,2016-05-16 When prospector Ed Schieffelin set out from Fort Huachuca in 1877 in search of silver skeptics told him all he d find would be his own tombstone What he did discover of course was one of the richest veins of silver in the West a strike he wryly called Tombstone Briefly a boomtown in less than a decade Tombstone was fading into what for the next half century looked more like a ghost town How is it Kara McCormack asks that the resurrection of a few of the town s long dead figures caught forever in a thirty second shoot out revived the moribund Tombstone and turned it into what the Arizona Office of Tourism today calls equal parts Deadwood and Disney A meditation on the marketing of authenticity Imagining Tombstone considers this most authentic western town in America as the intersection of history and mythmaking entertainment and education the wish to preserve the will to succeed and the need to survive McCormack revisits the facts behind the feud that culminated in the Earp brothers and Doc Holliday

s long walk to their showdown with the Clantons and McLaurys a walk reenacted by so many actors that it became a ritual of Hollywood westerns and a staple of present day Tombstone s tourist offerings Taking into account decades of preservation efforts stories told by Hollywood performances on the town s streets the fervor of Earp historians and western history buffs and global notions of the West Imagining Tombstone shows how the town s tenacity depends on far more than a usable past If Tombstone is The Town Too Tough to Die it is also as this edifying and entertaining book makes clear the place where authentic history and its counterpart in popular culture reveal their lasting and lucrative hold on the public imagination
