**Georgia Cowboy Poets** David Fillingim, 2009 In this text author and editor David Fillingim turns his attention to the West West Georgia that is This book examines how the contemporary cowboy poetry revival that sprung up in 1985 in Elko Nevada has borne fruit in the Peach State First Fillingim traces the history of cowboy poetry and its emergence as a cultural phenomenon Then he recounts the story of how Georgia became home to a vibrant cowboy poetry scene But the largest part of the book is an anthology of poems by some of the finest cowboy poets anywhere and they all happen to be in Georgia As celebrated cowboy poet Doris Daley says in the preface everywhere is west of somewhere So settle in and travel with Fillingim to someplace west of wherever you are and enjoy this unique combination of shrewd scholarly analysis and heartwarming cowboy poetry Book Jacket

The Cowboy Encyclopedia Richard W. Slatta, 1996 Over 450 entries provide information on cowboy history culture and myth of both North and South America

**The Mythical West** Richard W. Slatta, 2001-11-20 This cultural journey down memory lane showcases how major Western figures events and places have been portrayed in folk legends art literature and popular culture Ever since the days of the 49ers and George Armstrong Custer the Old West has been America's most potent source of legend But it is sometimes hard to separate fact from fiction Did you know for example that Annie Oakley was a talented marksman who shot an estimated 40 000 rounds per year while practicing and performing for Buffalo Bill Cody's Wild West Show in the late 1800s Or that many interpreters believe that The Wonderful Wizard of Oz is not just a fairy tale but also a Populist allegory These are just two of the folk legends dissected and examined in this veritable cultural geography The volume covers everything from billionaire Howard Hughes and composer Aaron Copeland to Aztlan the legendary first city of the Aztecs and Area 51 the top secret U S Air Force base at Groom Lake Nevada that has fascinated UFO and conspiracy buffs

Black Cowboys in the American West Bruce A. Glasrud, Michael N. Searles, 2016-09-28 Who were the black cowboys They were drovers foremen fiddlers cowpunchers cattle rustlers cooks and singers They worked as wranglers riders ropers bulldoggers and bronc busters They came from varied backgrounds some grew up in slavery while free blacks often got their start in Texas and Mexico Most who joined the long trail drives were men but black women also rode and worked on western ranches and farms The first overview of the subject in more than fifty years *Black Cowboys in the American West* surveys the life and work of these cattle drivers from the years before the Civil War through the turn of the twentieth century Including both classic previously published articles and exciting new research this collection also features select accounts of twentieth century rodeos music people and films Arranged in three sections

Cowboys on the Range Performing Cowboys and Outriders of the Black Cowboys the thirteen chapters illuminate the great diversity of the black cowboy experience Like all ranch hands and riders African American cowboys lived hard dangerous lives But black drovers were expected to do the roughest most dangerous work and to do it without complaint They faced discrimination out west albeit less than in the South which many had left in search of autonomy and freedom As cowboys they could escape the brutal violence visited on African Americans in many southern communities and northern cities Black cowhands remain an integral part of life in the West the descendants of African Americans who ventured west and helped settle and establish black communities This long overdue examination of nineteenth and twentieth century black cowboys ensures that they and their many stories and experiences will continue to be known and told **Cowboy Poetry Matters** Robert McDowell, 2000 In his groundbreaking essay Can Poetry Matter reprinted here Dana Gioia suggested that many types of poetry assumed by some readers to be marginal art should not so easily be deleted from mainstream American literature Throughout the twentieth century perhaps no important writing has been as seriously and mistakenly overlooked by the literati as Cowboy poetry Essentially connected to the folk tale to legend myth the ballad and song and vitally enhanced by the contemporary voices of independent ranch women Cowboy poetry vividly connects us to our past and our fragile threatened natural environment The writers included here both working horse and cattle people and mainstream authors share the brand of bold expression and independent thought found only among the best literary artists Here is not literary theory Here is literary life An anthology as diverse as America herself Comparing Cowboys and Frontiers Richard W. Slatta, 1997 Historians of the American West perhaps inspired by NAFTA and Internet communication are expanding their intellectual horizons across borders north and south This collection of essays functions as a how to guide to comparative frontier research in the Americas Frontiers specialist Richard W Slatta presents topics techniques and methods that will intrigue social science professionals and western history buffs alike as he explores the frontiers of North and South America from Spanish colonial days into the twentieth century The always popular cowboy is joined by the fascinating gaucho llanero vaquero and charro as Slatta compares their work techniques roundups songs tack lingo equestrian culture and vices We visit saloons and pulperias as well as plains and pampas and Slatta expertly compares clothing weather terrain diets alcoholic beverages card games and military tactics From primary records we learn how Europeans Native Americans and African Americans became the ranch hands cowmen and buckaroos of the Americas and why their dependence on the ranch cattle industry kept them bachelors and landless peons **New Westers** Michael L. Johnson, 1996 These New Westers Johnson reveals line dance and two step listen to Garth Brooks and George Strait drink beer from long neck bottles wear clothes ordered from Sheplers watch rodeo on ESPN play Wild West arcade games eat fajitas and tacos in stuccoed Mexican cafes collect Western art and Native American crafts and vacation in and move to the West New Westers rewrite the history and biography of the West They reimagine the West in Cowboy sagas and poetry Native American novels Mexican American

drama nature writing revisionist films eclectic visual artwork and neo traditional music They flock to movies like *Thelma and Louise* *Unforgiven* and *Dances with Wolves* watch mini series like *Lonesome Dove* and read bestsellers like *The Crossing* and *All The Pretty Horses* New Westerns are men and women who may or may not have ever hitched up a horse but who crave connection with the West At the end of a century of urbanization technological change and cultural confusion they seek a more natural home a fuller and wider sense of place and a deeper and more colorful personal identity They also want to revive the dream of the mythic West but on different terms They overrun the Old West and yet strive to preserve it raising troubling new concerns about the differences between the mythic and the real between traditional and contemporary cultural influences

*Hope and Dread in Montana Literature* Ken Egan, 2003 The rich literary tradition of Montana contends author Ken Egan Jr reflects a catastrophic vision of the West that shows the horrors of domination and the foolish and destructive habits of the imperial heart Since the 1860s Montana s writers have depicted struggles for survival in the state s dramatically beautiful but heartbreaking landscape and for decency in a region

characterized by the headlong exploitation of both natural and human resources So too has Montana s political culture reflected the strife between the state s utopian potential and its often apocalyptic realities Egan s objective in this intellectually provocative and deeply perceptive survey of Montana s literary history is to demonstrate the roots of the state s literature in its conflicted history and complex mixture of racial and ethnic traditions and at the same time to offer the possibility of thoughtful solutions to the West s daunting social and environmental dilemmas through the insights of some of the state s best writers From the narratives of early explorers and ranchers Native Americans and settler women through the works of such major twentieth century luminaries as A B Guthrie and Ivan Doig Egan traces the evolution of Montanans early fantastic dreams of economic religious and cultural success into failure and despair violence and tragedy Yet side by side with these tales of woe are tales of endurance and even triumph evidence of the strength and creative potential of the state s people
