**The Flat Earth as Key to Decrypt the Book of Enoch** Zen Garcia, 2015-10-25 Shortly after accepting the flat earth as a model for the world I decided to revisit the Book of the Courses of the Heavenly Luminaries to see if my new understanding would somehow mirror what Enoch was sharing as a motion for the sun and moon As I began to read chapters 71-82 I found to my utter amazement that I was able to grasp those passages I knew then that the vision that the angel Uriel had shown to Enoch could only be deciphered if one were to imagine Enoch's description of the revolution of the sun and the moon As seen from above the flat circular plane of the earth as described by Isaiah and that Enoch must have been taken up to perhaps where Polaris is centered directly above the North Pole and while looking down at the backdrop of the earth was instructed on the motions of both the sun and moon Without such conception it is in my opinion impossible to apply these descriptions to the model of the earth as a spherical planet

The United Symbolism of America Robert Hieronimus, 2008-04-15 The historian author of *Founding Fathers Secret Societies* offers a revealing analysis of America's many symbols icons and monuments America is young but its symbols are old Many of them from the stars and stripes in the American flag to the strange images on our currency have become so familiar that most of us don't give them a second thought In *United Symbolism of America* Robert R Hieronimus will help you see the symbolic messages encoded for us by our Founding Fathers in the symbols they chose Unlike other writers on this topic Hieronimus discusses the historical background and artistic influences behind the design of our symbols and landmarks *United Symbolism of America* includes revealing information about the symbolism embedded in The Statue of Liberty the Liberty Bell and many of the monuments found in Washington D C Putting to rest the erroneous notion that our country's symbolism is rooted in Satanism Hieronimus demonstrates that the symbols that have become our national icons represent hope growth and opportunity

**The Giza Death Star** Joseph P.

Farrell,2001 This is physicist Joseph Farrell's amazing book on the secrets of the Great Pyramid of Giza. A comprehensive and in-depth look at the early flying saucer technology of Nazi Germany and the genesis of early man-made UFOs. From captured German scientists, escaped battalions of German soldiers, secret communities in South America and Antarctica to today's state-of-the-art Dreamland flying machines, the astonishing book blows the lid off the Government UFO Conspiracy. Examined in detail are secret underground airfields and factories, German secret weapons, suction aircraft, the origin of NASA gyroscopic stabilisers and engines, the secret Marconi aircraft factory in South America and other secret societies, both ancient and modern, that have kept this craft a secret and much more. *Divine Appointments* David Scott, 2021-08-04. At the age of seventy-six, with my health failing, I wrote this autobiography to help others learn from my past experiences. It is my testimony about God's grace, mercy, faithfulness, patience, love, salvation, healing, deliverance, and particularly His sovereignty. Because of God's sovereignty, my life has been a series of divine appointments. Looking back, I can now see how God was watching over my life even before I experienced His saving grace. I made several serious mistakes in my walk with God, which I hope will help the reader learn from my errors. You will find my experiences with God to be encouraging, informative, enlightening, inspiring, and protective regarding the many spiritual landmines the kingdom of darkness lays to harm us. God has worked in my life in such a way that He has combined what I did as a private detective before my conversion to Jesus Christ with the ministry He called me to after His saving grace delivered me from occult deception. The things I learned from each divine appointment will help the reader not only grow in your personal relationship with God but also to understand political and economic forces that are trying to enslave the world under the Antichrist. Anti-Gravity and the Unified Field David Hatcher Childress, 1998-03. Explored here is how gravity, electricity, and magnetism manifest from a unified field around us, why artificial gravity is possible, secrets of UFO propulsion, free energy, Nikola Tesla, and anti-gravity airships of the 20s and 30s, flying saucers as superconducting whirls of plasma, anti-mass generators, vortex propulsion, government cover-ups, gravitational pulse drive spacecraft, and more. **Conspiracies and Controversies** Erick San Juan, 2002. **The UFO Literature** Richard Michael Rasmussen, 1985. **Australian National Bibliography**, 1993.
