

SAN BERNARDINO COUNTY PROBATION DEPARTMENT POLICY MANUAL

Each policy establishes the overall operational rules and regulations that govern the Department. They state the precepts which management considers important for formal documentation. The Chief Probation Officer will exercise approval authority for policies.

Each bureau has established and published procedures under separate individual *Procedure Manuals*. The procedures establish the methods for implementing policies. The Chief Probation Officer will exercise approval authority for procedures.

Each Department employee—full time, part-time, contract, Associate Probation Officer and volunteer—is responsible for reading and understanding each policy and their bureau's procedures. They shall perform their duties and tasks in compliance with these policies and procedures and shall be subject to discipline for violation of policies and/or procedures.

22. SUICIDE PREVENTION

It is the intent of this policy to prevent suicide in our Juvenile Institutions and affirm that human life is to be protected. We believe the preservation of human life supersedes all other institutional concerns. It is our responsibility to protect the minors detained in our Detention and Assessment Centers and placement facilities. Furthermore, it is the intent of this policy to focus our efforts on meeting the needs of the minor rather than solely controlling the minor's behavior.

The Department will maintain a comprehensive written suicide prevention program and procedure. The Suicide Prevention Procedure includes the following components, as set forth by the National Center on Institutions and Alternatives:

- Staff Training
- Intake Screening/Assessment
- Communication
- Housing
- Levels of Observation
- Intervention
- Reporting
- Mortality/Critical Incident Review
- Inspections

I. Staff Training

The key to any successful suicide prevention program is properly trained line staff, which is the backbone of the juvenile facility. Because line staff are generally the only staff in the juvenile facility 24 hours per day, they form the front line of defense in suicide prevention. As recommended by the correctional standards of the American Correctional Association (ACA), the National Commission on Correctional Health Care (NCCHC), and the National Center on Institutions and Alternatives, suicide prevention training should be given to all staff who come into contact with juveniles.

All San Bernardino County Probation Department line, medical, and mental health staff shall receive eight (8) hours of initial suicide prevention, assessment, recognition and response training, followed by two (2) hours of annual suicide prevention training. The training shall include the following, at a minimum: 1) Why facility environments may be conducive to suicidal behavior, 2) Potential
