Emerging Dynamics in the Provision of Private Higher Education in Africa Wondwosen Tamrat, Damtew Teferra, 2024-05-29 This edited book examines the private higher education PHE sector in African countries. Reports suggest that private institutions across the continent outnumber their public counterparts yet there has been little scholarly investigation into this emerging phenomenon. The book therefore seeks to document map and analyse key trends and contemporary themes in the PHE sector as well as chart historical developments policy and regulatory frameworks. As a whole it provides the reader with in depth knowledge rich perspectives and robust analyses from leading authorities in the field. Contributions from all sub regions combine thematic issues with shaping discourse on the topic and the discussions are undertaken in the context of global perspectives. The book will be of interest to academics researchers postgraduate students policy makers analysts and development partners interested in African higher education and PHE in particular. **Research Anthology on Preparing School Administrators to Lead Quality Education Programs** Management Association, Information Resources, 2020-07-24 The delivery of quality education to students relies heavily on the actions of an institution's administrative staff. Effective leadership strategies allow for the continued progress of modern educational initiatives. It is crucial to investigate how effective administrators lead their organizations in challenging and difficult times and promote the accomplishments of their organization. **Research Anthology on Preparing School Administrators to Lead Quality Education Programs** is a vital reference source that offers theoretical and pedagogical research concerning the management of educational systems on both the national and international scale. Open access has gained importance over the past 15 years by making knowledge available to all without any barrier of affordability or restrictions on using this knowledge to inform and develop. Open access contributes to scientific research excellence disseminates research results to a wider community and promotes multi disciplinary and collaborative research. Issues of sustainable development and open access are major concerns in librarianship and information management particularly as the international library and information management community is focusing on how to contribute to the Sustainable Development Goals. **Open Access Implications for Sustainable Social Political and Economic Development** is a pivotal reference source that provides an understanding of the concept of open access within the context of social political and economic development and deliberates the critical issues and challenges that face the implementation of open access and its

impact on the global economy and sustainable development While highlighting a broad range of topics including digital scholarship open data and ethics this book is ideally designed for librarians information science professionals government officials policymakers academicians researchers and students

Contextualizing and Organizing Contingent Faculty

Ishmael I. Munene,2018-02-15 Contextualizing and Organizing Contingent Faculty Reclaiming Academic Labor in Universities seeks to develop a counterculture that eschews the neoliberal ideology and interloping market values in higher education More than merely lamenting the disruptive effects of these marketplace values in higher education institutions it develops both theoretical insights and practical organizing strategies pertinent to challenging new academic capitalist values and behaviors Contributors local and international present cases from various institutions to illuminate how national trends concerning contingent faculty are articulated implemented and challenged at the local level They present organizing strategies which are analyzed from an interdisciplinary perspective providing a thorough and comprehensive view of the contingent labor movement This book will provide useful lessons to a broad array of audiences in universities labor movements and national and local governments

Advancing Africa's Sustainable Development Alain L.

Fymat,2018-11-14 While many African countries lag behind the rest of the industrialised world in scientific and medical research and development the situation is progressively improving This is why the Society for the Advancement of Science in Africa was established to contribute to economic advancement and sustainability through science research education and innovation This book provides a selection of papers from the Advancement of Science in Africa s fourth annual conference The conference was held under the overarching theme of science technology and innovation in Africa with several important sub themes including but not limited to improving health research and disease surveillance education collaborating in research responding to epidemic diseases with high mortality in Africa and promoting women s interest in science careers The collection illustrates how although the chapter contributors come from various countries and universities representing their own academic research they all share a common interest in advancing science technology and innovation in Africa

Cultural Impact on Conflict Management in Higher Education Nancy T. Watson,Lei Xie,Matthew J.

Etchells,2018-07-01 Cultural Impact on Conflict Management in Higher Education shares information regarding conflict management and resolution in higher education from a global perspective In this book we introduced many conflict resolution methods from different regions in the world You can borrow some successful strategies and examine the differences and similarities between contexts The book shares a conflict resolution model which may direct the reader to start thinking about addressing and managing conflicts from different levels of organizations This book is a collective work of authors coming from all over the world We chose higher education as the context because it is a place where diverse thoughts perspectives and people come together Because of the potential richness of diversity on a college campus the opportunity for conflicts occurs Managing conflict does not work when there is a one way only approach model for

addressing conflict Some conflict resolution encompasses multiple dimensions a one s personal beliefs or beliefs about an issue b an individual s personal history in terms of how the conflict was perceived as something to be discussed or not c work culture of the conflict where if one has a conflict the person or unit is messing up or there is a problem person d the unconscious strategies of face saving trying to maintain one s image present e social hierarchies or relationships and f the diversity dimensions and issues that may be present
