

Compare/Contrast Paragraphs:

Compare: similarities between the two subtopics **Contrast:** differences between them

Plan A (point by point): My hometown and my college town have several things in common. First, both are small rural communities. For example, my hometown, *Gridlock*, has a population of only about 10,000 people. Similarly, my college town, *Subnormal*, consists of about 11,000 local residents. This population swells to 15,000 people when the college students are attending classes. A second way in which these two towns are similar is that they are both located in rural areas. *Gridlock* is surrounded by many acres of farmland which is devoted mainly to growing corn and soybeans. In the same way, *Subnormal* lies in the center of farmland which is used to raise hogs and cattle

Plan B (block): My hometown and my college town have several things in common. First, my hometown, *Gridlock*, is a small town. It has a population of only about 10,000 people. Located in a rural area, *Gridlock* is surrounded by many acres of farmland which are devoted mainly to growing corn and soybeans. *Gridlock* also contains a college campus, Neutron College, which is famous for its Agricultural Economics program as well as for its annual Corn-Watching Festival. As for my college town, *Subnormal*, it too is small, having a population of about 11,000 local residents, which swells to 15,000 people when students from the nearby college are attending classes. Like *Gridlock*, *Subnormal* lies in the center of farmland which is used to raise hogs and cattle. Finally, *Subnormal* is similar to *Gridlock* in that it also boasts a beautiful college campus, called Quark College. This college is well known for its Agricultural Engineering department and also for its yearly Hog-Calling Contest.
