## 3rd Grade Reading Comprehension

# The Big Camping Trip

Emma and her family went camping in the mountains last weekend. They packed their tent, sleeping bags, and a cooler with food. When they arrived, they set up their tent near a small lake. Emma helped her dad gather firewood for the campfire. At night, they roasted marshmallows and told stories under the stars. Emma saw a shooting star and made a wish.

The next day, they went hiking on a trail. Along the way, they saw a deer and a squirrel. Emma loved watching the animals in their natural home. After their hike, they went fishing in the lake. Emma caught a fish, but she let it go back into the water. The trip was exciting, and Emma couldn't wait to go camping again.

of any successful student's repertoire of abilities. Crucial to academic performance and success throughout life, attentive listening can transform students' ability to absorb and understand information quickly and efficiently. In *Listen Wise: Teach Students to Be Better Listeners*, journalist, entrepreneur, and author Monica Brady Myerov delivers an insightful and practical examination of how to build powerful listening skills in K-12 students. The book incorporates the Lexile Framework for Listening and explains why it is revolutionizing the field of listening and contributing to a surging recognition of its importance in the academic curriculum. It also includes firsthand classroom stories and incisive teacher viewpoints that highlight effective strategies to teach critical listening skills. You'll discover real-world examples and modern research-based advice on how to assist young people in improving their listening abilities and overall academic performance. You'll also find personal anecdotes from the accomplished and experienced author alongside accessible excerpts from the latest neuroscience research covering listening and auditory learning. *Listen Wise* explains why listening skills in students are crucial to improving reading skills, especially amongst those students still learning English. The book is a critical resource that demonstrates why listening is the missing piece of the literary puzzle and shows educators exactly what they can do to support students in the development of this key skill. Perfect for K-12 teachers looking for effective new ways to understand their students and how they learn, *Listen Wise* will also earn a place in the libraries of college and master's level students in education programs readying themselves for a career in teaching.
