Branding for Beginners Bernadette Geyer,2018-09-05 Consistency is the key to establishing and maintaining a Brand Image for your business But how can you stay consistent without guidelines for how to refer to your business in all of your content Think about your website your blog posts your Facebook page your advertisements your sales materials your newsletter and just about any other content you or your staff generates Do they all look and read like they re coming from the same company Branding for Beginners looks at the importance of having a Brand Style Guide which serves as a cheat sheet for how you refer to your business Why do you need it What are the potential drawbacks if you don t have one The book features an easy to use template you fill out along the way as you set the key basic ingredients of a Brand Style Guide for your business This will help keep you and your staff on the same page when it comes

to writing or talking about your business Even if you re a one person show it will also help you stay consistent with yourself Whether your business is just starting out or if you ve been around a long time you ll benefit from having a Brand Style Guide It doesn t take as long as you think And it will save you time in the future as you continue to grow your business Personal Branding Guidelines Earlene Ridner,2021-08-13 Today it s more important than ever to learn how to start branding yourself online Over 1 billion names are googled every single day so unless you live in a cave someone has looked you up What people find out about you online determines big decisions like whether or not to do business with you This is not a book of theories and jargon It s a book that will show you practical ways to brand yourself on social media and create engagements that can turn into sales Here s some of what you ll learn in this book The 5 C s of Social Media Success Cross platform Promotion Branding Yourself in Only Minutes a Week Understanding Social Media Metrics Plus much much more *Building Your Brand Assets* Karan Gupta,2021-04-18 Your brand is and should be unique It should stand out from others in a similar business or service What makes your brand so different It s your unique promise and value that you provide to your customers and clients But how do you communicate this to your potential network Through branding Like humans brands have a character Like us they need to have a style a dressing sense and a style of communication to grab people s attention In this book we ll get into the depth of each of the brand assets from brand name story logo colors typography tone of voice imagery iconography illustrations to compiling them in a holy brand style guide It ll be an exciting journey If you re a brand strategist marketer brand agency team member at a manager post a business owner or an entrepreneur looking to establish your business as a brand this is for you If you re a young design or business graduate struggling to understand the practical applications of your theory classes in Branding and Marketing this is for you If you re a 9 5 stuck employee at a stressful job and willing to set up your own business or brand but don t have the capital to invest in building your brand this will help you construct it In the last book BYOB Building Your Own Brand we talked about the first steps towards creating a brand strategy value proposition statement brand character and the various types of brand logos This book is a continuation of where we left in the last book Although you can read it without going through the previous book I would recommend you to read it too if you wish to gain a better foundation in brand building Here we will understand what a particular brand asset is used for how it needs to be created where it should be used and how to make it a successful brand asset that evokes a strong brand recall in the minds of your audience All the chapters are supported by examples from brands all over the world The last chapter focuses on compiling the valuable brand assets in the form of a style guide with guidelines descriptions information standards best practices do s and don ts and instructions for anyone who will be involved in brand building exercises A strong visual identity is the need for a modern brand to evolve in this digital era and a necessity for a legacy brand to continue growing business Over 90% of businesses around the world today depend on highly aesthetical and meaningful visual communication How do we achieve this With all the visual and emotional clutter filling the digital space and no one

really looking at your advertisements anymore How do we attract people and hook them to your brand We do it by providing them value Value through an exclusive visual means of communication Obviously there s something particular about how your brand dresses up to perform in front of your audience These accessories it wears are your brand s assets and in this book you ll discover how to make them
