Beyond the Basics Sammy Azzouz, 2020-04-21 A Framework for Sustained Capital Growth If you already know the financial planning basics the fundamentals and the mistakes to avoid but are uncertain of what comes next to increase your wealth this book is for you Most personal finance books fall into one of two categories Some cover the basics the smart use of credit cards debt management buying a home how mortgages work and starting to save early Some deal with managing your own money by trying to turn you into an investment genius leaving you under the impression that just by following a few simple formulas or spending a few hours a week you will beat the pros in an extremely competitive arena Too few books present a comprehensive approach that takes you beyond the basics and focuses on the key decisions that will increase your wealth Sammy Azzouz wrote this book to help bridge that gap to provide an individual capital allocation framework for successful people who are looking for what to do next

A Home Gamer's Guide to Financial Independence Marshall H. Kaplan Ph.D., 2022-08-03 This book is dedicated to the education of the home gamer an amateur stock market investor trader who buys and sells individual common stocks through online brokers such as Fidelity Schwab and others The focus is on helping you make the important decisions required to successfully select buy and sell individual stocks The strategies described do not include high risk activities such as short selling and options trading In fact the methods presented are designed to minimize financial risks and avoid high anxiety situations For those of you who have decided to delve into stock trading this book is intended to span the knowledge gap between the occasional stock buyer and the serious retail investor who is pursuing financial independence and a comfortable retirement Think of this as a guide in developing the ability to take advantage of financial opportunities and become financially savvy The process of buying and selling stocks is largely about balancing risk and reward Those who seek financial independence are well advised to use methods that minimize risk and maximize reward Since retail investors cannot control stock market movements success is achievable by taking advantage of what the market will give you The reader will learn how to recognize these opportunities and maximize them in order to build a portfolio without exposure to high risks
