imagination to inhabit Drawing upon other media including children s books sculpture pulp fiction cinema graphic design painting and illuminated manuscripts Bukatman reveals the mechanics of creating a world on the page He also demonstrates the pleasurable and multiple complexities of the reader s experience invoking the riotous colors of comics that elude rationality and control and delving into shared fictional universes and occult detection the horror genre and the evocation of the sublime and the place of abstraction in Mignola s art Monsters populate the world of Hellboy comics but Bukatman argues that comics are themselves little monsters unruly sites of sensory and cognitive pleasures that exist happily on the margins The book is not only a treat for Hellboy fans but it will entice anyone interested in the medium of comics and the art of reading
