commitment in marriage and the need to put one's spouse above the love for money. This book will help rescue couples teetering on the edges of separation and divorce because of money arguments in marriage. The enemy of the family knows that once couples are separated, those under their care, such as their children, will be vulnerable to all kinds of social vices such as drug use, dropping out of school, ending up in jail, prostitution, and having children as single parents. Children raised in broken homes do not perform well in a society like those born and raised in two-parent homes.
