BOOK PUBLISHING

1 EDITING

Your manuscript should be professionally edited. Ideally, it would receive four types of edits: developmental, line, copy, and proof.

2 COVER DESIGN

A graphic designer should create an eye-catching cover with visual elements popular in your book's niche.

3 FILE CREATION

Exterior and interior files for the e-book and paperback are needed. For the audiobook, square covers and audio files are required.

4 RETAILER UPLOADS

Your content files need to be uploaded to the platforms you want to sell your book, like Amazon.

5 MARKETING

Once your book is live on retailer sites, you need to drive traffic to its sales pages so people can learn about it and make a purchase.
