You can view a complete selection of thumbnails before you make your print selection, saving time and expense. You can also view and rotate files via your media card, making this an additional and convenient data transfer tool. The MFC-2150C is compatible with all of the most popular media cards.

- Memory Stick Pro™
- SmartMedia™
- Secure Digital™
- Memory Stick™
- xD-Picture Card

#### Separate ink cartridges

Brother colour Multi-Function Centre™ come complete with four separate colour ink cartridges. Unlike some other colour multi-function products, when a single colour runs out you only replace that colour. Another feature from Brother that saves you time and money and is better for the Environment.

#### Capillary Tube Printing Technology

Brother's revolutionary Capillary Tube Printing Technology provides ink from the MFC-2150C's four separate cartridges directly to the print head, allowing for a much lower profile machine. This results in smoother, quieter operation and ink cartridges that are quicker and easier to replace. Additionally, because of the lighter printhead, the MFC-2150C can run at a lower power level saving you money and is better for the environment.

#### Environmentally Friendly Features

##### International Standards:

###### ISO 14001

As one of the Australia's leading Multi-Function Centre manufacturers, Brother takes its environmental responsibilities very seriously. Brother Multi-Function Centres use ISO 14001 compliance meaning that they are manufactured in accordance to international environmental standards.

###### Energy Star
