Choreography Bodystep Manual

Valerie Preston-Dunlop

Choreography Bodystep Manual:

Dance Manual Keyna Paul, 2016-11-18 Dance has increased in popularity as a leisure activity during the past decade. It has now moved beyond the preserve of the young and fit and is gaining recognition as a way for everyone to gain and maintain physical health including losing weight, maintaining strong bones and improving posture and balance. In addition, there is growing agreement that it offers a sense of wellbeing through endorphin release, increased confidence and socialisation. According to the NHS website, more than 4.8 million people regularly attend community dance groups each year in England. Many more adults, however, would like to attend dance classes but do not for many reasons, including confusion about different styles and fear of looking foolish. [A Choreographer's Handbook](#) Jonathan Burrows, 2010-06-10 On

choreography Choreography is a negotiation with the patterns your body is thinking. On rules Try breaking the rules on a need to break the rules basis. [A Choreographer's Handbook](#) invites the reader to investigate how and why to make a dance performance. In an inspiring and unusually empowering sequence of stories, ideas and paradoxes, internationally renowned dancer, choreographer and teacher Jonathan Burrows explains how it's possible to navigate a course through this complex process. It is a stunning reflection on a personal practice and professional journey and draws upon five years of workshop discussions led by Burrows. Burrows' open and honest prose gives the reader access to a range of exercises, meditations, principles and ideas on choreography that allow artists and dance makers to find their own aesthetic process. It is a book for anyone interested in making performance at whatever level and in whichever style. *Soul Line Dance Aerobics* Paula
