Getting to Excellence James A Johnson, Jr PhD, 2013-03 This book is about a journey with the Center for Strategic Alliances in Education for School and District Improvement with stakeholders in a school targeted for school improvement The first chapter puts into context the notion of school its purpose and the incumbent variables of values attitudes organizational and leadership behaviors and instructional practices Throughout the book the authors look at three contextual boundaries 1 historical 2 the lens of former students and their perceptions of the presence or absence of those variables and 3 a comparison of labeled schools and the views and perceptions of stakeholders with regard to quality equity and adequacy This is a compelling journey which utilizes quantitative and qualitative data to take a critical look at the processes involved and the strategies used in America s journey in the quest for excellence The authors story is one of the pursuits of innovation reinvention equity excellence and culturally relevant education experiences that inspire and reframe the discussion about getting to excellence The book is replete with illustrations of weaknesses hidden in abstract policies institutional persistence and culturally void programs methodologies and practices It advocates a methodology for arriving at well conceived processes for achieving acceptance and academic excellence through collaboration among those to whom education is important the children and the communities where they live

Designing Portals Ali Jafari, Mark C. Sheehan, 2003-01-01 Discusses the current status of portals in higher education by providing insight into the role portals play in an institution s business and educational strategy by taking the reader through the processes of conceptualization design and implementation of the portals in different stages of development at major universities and by offering insight from three producers of portal software systems in use at institutions of higher learning and elsewhere

Student Success in the Community College Terry U. O'Banion, Marguerite M. Culp, 2020-12-15 For much of the twentieth century the definition of success for most community colleges revolved around student retention and graduation This definition no longer works if it ever did In Student Success in the Community College What Really Works respected community college leaders researchers and innovators argue that student success is about redesigning community colleges in a manner that is consistent with each college s mission goals student population and resources Concluding that there is no one size fits all approach to increasing student success chapter authors analyze national state and regional efforts to increase student success identify principles institutions can use to frame student success initiatives and outline specific actions community colleges can take to increase student and institutional success Student Success in the Community College What Really Works also provides concrete examples of effective student success initiatives in a variety of community college settings
