## Candy Cane Sayings:

*General Patterns* Patti Carson, Anamary Slawter, Janet Dellosa, 1984-05      **Song of Alabama** Beverly Pace, 2021-07-29

Anna Newsom had led a quiet life until World War II German POWs were brought to her small Alabama town to a work camp to spend the duration of the war. With no money for college, Anna needs a job and she is picked to take books to the prisoners. With her own brother off at war and fighting her family's disapproval, Anna struggles with feelings of disloyalty but finds herself relishing her visits to the prison camp as she takes on the role of teacher, sharing her love of history and literature and even her faith with the prisoners. As the war drags on, Anna takes comfort in the fact that she like her brother is making a difference in the war effort. She slowly begins to see the prisoners as young men who are also tired of war and want to start a new life. Anna becomes close to one prisoner in particular, a man named Klaus who is a leader to the men but he has lost his way spiritually. Due to circumstances from his youth, Klaus no longer believes in God and although he is drawn to Anna, he cannot share her faith. Anna begins to question her judgment, her feelings, and her faith as she falls in love with Klaus. Knowing that no one close to her would accept a relationship with the enemy, Anna finds herself isolated and afraid of what the future will bring.

*Marketing to the Social Web* Larry Weber, 2007-06-30

Praise for *Marketing to the Social Web*: Weber understands that the world is going digital and that competitive advantage will accrue to those who understand the transformation. CEOs should heed this transformation and learn from Weber's insights how to navigate this new landscape to fully maximize their business opportunities. Mark Fuller, Chairman, Monitor Group: Consumers are using technology to grab power from companies, the media, and the government. *Marketing to the Social Web* succinctly outlines how institutions can survive and win in this chaotic new world and lays out the revised rules of engagement: ignore them at your peril. George F. Colony, CEO, Forrester Research, Inc.: Larry has brought pragmatic and useful recommendations to help brand builders manage the complexity of social interaction in a digital age. I was pleased to read a book that actually suggests how to do something with social networks instead of just ponder them. David Kenny, Chairman and Chief Executive Officer, Digitas Inc.: Where's the allure of social 2.0? Brands can talk, customers talk louder. Digital influence has arrived. Jeff Taylor, CEO, Eons and Founder of Monster.com: Larry Weber provides a simple and effective roadmap of the new customer information highway. *Marketing to the Social Web* is a valuable tool that will give everyone the confidence and know how to compete in this fast-growing marketplace of ideas. Steve Harris, Vice President, Global Communications, General Motors Corporation: As all lines and boundaries are washed away by the Web, Weber describes how to become part of the sea versus the sand. Nicholas Negroponte, Chairman, One Laptop per Child.
