Secrets of Feeding a Healthy Family Ellyn Satter,2011-12-01 Ellyn Satter s Secrets of Feeding a Healthy Family takes a leadership role in the grassroots movement back to the family table More a cooking primer than a cookbook this book encourages singles couples and families with children to go to the trouble of feeding themselves well Satter uses simple delicious recipes as a scaffolding on which to hang cooking lessons fast tips night before suggestions in depth background information ways to involve kids in the kitchen and guidelines on adapting menus for young children In chapters about eating feeding choosing food cooking planning and shopping the author entertainingly helps readers have fun with food while not eating unhealthily or too often She cites current studies and makes a convincing case for lightening up on fat and sodium without endangering ourselves or our children The book demonstrates Satter s dictum that your positive feelings about food and eating will do more for your health than adhering to a set of rules about what to eat and what not to eat

40 Years of Trial and Error Darlene Dunkin,2009-05 Darlene s cookbook 40 Years of Trial Error is full of tasty simple and easy to follow recipes It includes many helpful hints in a pinch substitutions compiled from years of cooking experimentation and testing recipes The memoirs at each food section are warm and heart filling Darlene tries to show that by being in the kitchen preparing food is a wonderful way to bring your family and friends together and create everlasting memories

Step-by-step guide to preserving vegetables Fermenting, pickling, canning, dehydrating and freezing your favorite products ,2024-04-02 How to Use this Book This book is based on my desire to preserve vegetables in ways that my family will eat and do that as efficiently as possible When possible I preserve vegetables in a meal ready way Instead of canning a bunch of carrot slices in quart 1 L sized jars when I bring in a large carrot harvest I ll make a batch of Canned Spice Carrot Soup and a couple of jars of Fermented Mexican Carrots Then I ll use the tops to make Frozen Carrot Top Pesto for the freezer The carrot soup is the only time consuming item the other two can be put together while the soup is processing The first part of this book is an overview of food preservation methods canning both water bath and pressure canning dehydrating fermenting and freezing You ll find the basics of how to use these methods to safely preserve vegetables but you won t find details for every scenario that could happen while preserving vegetables I ve written these chapters with enough information to get you started preserving the harvest but not so much information that it leads to confusion and information overload The rest of this book is focused on growing and preserving the most popular vegetables and herbs that are grown in the home garden Each vegetable has its own chapter and in that chapter you ll find

instructions on how to grow purchase can dehydrate ferment and freeze that vegetable You will also find recipes that highlight the vegetable most of these recipes are for preserving the vegetable but some recipes use the preserved vegetable Most of the recipes are written so that you ll preserve small batches at a time simply because I find that adjusting recipes to scale up is easier than scaling down If your family likes a recipe or if you have enough of one vegetable to make two batches of a recipe just double the ingredients and it will work out fine The exception to this is any of the jam or jelly recipes don t ever double a jam or jelly recipe or you run the risk of it not setting up I hope you read through the whole book to get a vision for how these different preservation methods can work together to stock your pantry with food your family will eat Then when a vegetable is in season I hope you reread that vegetable s chapter and make a plan for preserving all of the harvest in a variety of ways Of course I hope that some of our favorite preservation recipes become your family favorites too
