Demokrasi Indonesia In The 21st Century:

Demokrasi Hamish McDonald, 2015-01-06 Indonesia a nation of thousands of islands and almost 250 million people straddles the junction of the Pacific and Indian oceans Current President Susilo Bambang Yudhoyono has presided over 6 per cent average yearly growth of its economy to surpass 1 trillion If this rate continues Indonesia will join the world's ten biggest economies in a decade or so just behind the so called BRIC countries The much discussed recent documentary The Act of Killing revived some of its darker past and Barack Obama's reminiscences about the childhood years he spent there briefly shone the spotlight on a country many Americans know little about Yet as Indonesia approaches its 2014 parliamentary and presidential elections its future is wide open Though the largest Muslim nation by population it remains a receiver of wisdom from the Arab world rather than a messenger of multi religious tolerance Its pursuit of trade agreements with Japan and South Korea have burnished its economic ambitions but its diplomacy is long on so called soft power and short on sanctions or force So what does the future hold for this pivotal place Award winning Asia Pacific journalist Hamish McDonald's *Demokrasi* is an accessible and authoritative introduction to the modern history and politics of this fascinating country

Freedom of Religion in the 21st Century Hans-Georg Ziebertz, Ernst Hirsch Ballin, 2015-10-20 Freedom of religion consists of the right to practice to manifest and to change one's religion The modern democratic state is neutral towards the variety of religions but protects the right of citizens to practice their different religious beliefs Recent history shows that a number of religious claims challenge the neutral state This happens especially when secularity is rejected as the basis of the modern state How can conflicting interpretations of the relation between religion and state be balanced in our world This book reflects on conflicts that seem to be implied in the freedom of religion on its causes and how they can be overcome Contributors are Katajun Armipur Ernst Hirsch Ballin Ian Cameron Susanne D hnert Leslie Francis Carsten Gennerich Handi Hadiwitanto Mandy Robbins Prof Hans Schilderman Stefanie Schmahl Carl Sterkens Alexander Unser Johannes A van der Ven and Hans Georg Ziebertz

Historical Dictionary of Indonesia Audrey Kahin, 2015-10-29 A wide flung archipelago lying between the Pacific and Indian Oceans Indonesia is the world's most populous Islamic country For over two thousand years it was a crossroads on the major trading route between China and India but it was not brought together into a single entity until the Dutch extended their rule throughout the Netherlands East Indies in the early part of the 20th century Declaring its independence from the Dutch in 1945 the Republic of Indonesia was ruled by only two regimes over the next half century Throughout the years the country has continued to be dogged by an inefficient bureaucracy and by perpetual problems of corruption However since 2004 Indonesia has successfully carried out four direct elections for president together with an equal number of elections for legislative bodies at all levels of government and has finally in 2014 elected a president with no ties to either the military or to the previous authoritarian power structure This third edition of *Historical Dictionary of Indonesia* contains a chronology an introductory essay appendixes and an extensive bibliography The

dictionary section has over 900 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Indonesia

Civil-Military Relations in Indonesia Muhamad Haripin,2019-09-04 This book examines military operations other than war MOOTW of the Indonesian military in the post Suharto period and argues that the twin development of democratic consolidation marked by stable civil military relations from 2004 to 2014 under Susilo Bambang Yudhoyono s presidency and internationalization of the military have not yet entirely de politicized the armed forces This book shows how peacekeeping humanitarian assistance and disaster relief and counter terror missions have been reinvented by the Indonesian military Tentara Nasional Indonesia TNI to adhere to its politico institutional interests rather than to divert military attention from politics In contrast with conventional arguments about the rationale of MOOTW in promoting military professionalism this book provides the first critical analysis of the development of these missions and correlates them with TNI s concerted effort to preserve territorial command structure a military network that parallels the civilian bureaucracy down to the village level The book argues that the military in Indonesia remains domestically political amidst high intensity of international activism A detailed investigation of civil military relations in Indonesia this book will be of interest to scholars in the fields of Southeast Asian studies and Asian politics and more generally to those interested in civil military relations military politics and MOOTW

Indonesia's Maritime Policy from Independence to 2019 Indra Alverdian, 2024-08-02 Alverdian explores how a distinct national character of maritime governance has influenced the nature of Indonesia's aspiration to go beyond archipelagic towards a maritime nation through focusing on the intersection between the nation's political culture historical changes and geopolitical contexts which gave rise to the primacy of the theme of unity in the nation's discourse The main theme of this research is the three pillar framework of the Tanah Air concept which includes the political culture of persatuan nasional national unity the strategic culture of cakra manggilingan turning of the times from dark to golden periods and the geopolitical context of posisi silang dunia world crossroad position The findings of this publication indicate the dominant influence of Javanese political culture philosophy values and traditions on the distinct character of Indonesia's maritime orientation Specifically Javanese political philosophy and traditions within each pillar of Tanah Air have influenced continuity rather than change in the evolution of Indonesia's maritime policy This book helps readers understand how the defining theme of unity in national political culture has shaped the evolution of Indonesia's maritime policy from 1945 to 2019 It illustrates how the continuous influence of the theme of national unity as devised by the political elites through history has addressed the realities of the archipelago's geography and it is significant from both an academic and practical policy perspective A book designed for academics and the general public interested in gaining greater insight and knowledge on Indonesia's maritime policy and maritime nation aspirations

In Search of Local Regime In Indonesia Longgina Novadona Bayo, Purwo Santoso, Willy Purna Samadhi, Democracy is frequently considered a single and thus uniform national programme However political structures and opportunities differ clearly in various contexts and as such they have their own influences and consequences The study of democracy and democratisation must be reinforced with research that emphasises local perspective over national ones for it is at the local level that different centres of power interact and understandings of genuine democratic practices are created It is in this spirit that this book attempts to examine the diverse problem of democracy and democratisation in various Indonesian localities while also underscoring the importance of considering asymmetrical approaches to democratisation A mapping of the different local regimes in Indonesia and necessary to understand how they respond to or even bypass the practice of democracy This book drawing on eleven case studies reaches the conclusion that the varied local regimes in Indonesia can be grouped into five categories formalist elitist consociational pluralist compromistic socio cultural and formalist deliberative Through its mapping of local regimes in Indonesia this book offer a new passion for the continued and substantive re setting of democratisation in Indonesia which need not be limited to electoral democracy but may rely on asymmetrical democracy a democracy that understands and accommodates localities and fundamental for its development The future democratisation of Indonesia can be truly in the regions from the regions for Indonesia Using such a logic democracy will be manifested through a bottom up process and therefore offer the ability to
