Borderless Africa Francis Mangeni, Andrew Mold,2024-04-18 The African Continental Free Trade Area established in 2018 represented a monumental step forward for Africa in terms of meeting longstanding aspirations for greater economic and political integration. But it has nonetheless been met with scepticism in some quarters both within the continent and beyond. *Borderless Africa* makes the case for the AfCFTA in an accessible and compelling way without shying away from technical and academic debates. Francis Mangeni and Andrew Mold take us on a journey through the different dimensions and implications of the AfCFTA, the largest free trade zone in the world, starting with its underlying economic rationale. Pointing to the numerous historical examples of successful regional integration, they argue that the African continent will need to take on board such lessons as the agreement is implemented. They discuss too the more controversial elements of the AfCFTA, including the freedom of movement protocol, contending that this should not be seen as an optional extra but as an intrinsic part of the accord. Also exploring the role of external partners in the construction of an economically stronger, more united Africa, this fascinating study reveals how the AfCFTA is contributing to sustainable development across the continent.

The Routledge Handbook of Property, Law and Society Nicole Graham, Margaret Davies, Lee Godden,2022-11-14 This handbook brings together diverse perspectives, major topics, and multiple approaches to one of the biggest legal institutions in society: property. Property touches on many fundamental human questions. It involves decisions about power, economy, morality, work, and ecology. It also involves ideas about where humans fit in the world and how humans relate to more than human life. This book will ask in myriad ways such questions as: what property means; what kinds of property there are; what is and should be the relationship between owner and owned; and what is the impact of different forms of property on life in this world. Coming from the place of law but reaching out through cognate disciplines, this handbook
