Batch Processing Systems Engineering Gintaras V. Reklaitis, Aydin K. Sunol, David W.T. Rippin, Öner Hortacsu, 2012-12-06  
Batch chemical processing has in the past decade enjoyed a return to respectability as a valuable effective and often preferred mode of process operation This book provides the first comprehensive and authoritative coverage that reviews the state of the art development in the field of batch chemical systems engineering applications in various chemical industries current practice in different parts of the world and future technical challenges Developments in enabling computing technologies such as simulation mathematical programming knowledge based systems and prognosis of how these developments would impact future progress in the batch domain are covered Design issues for complex unit processes and batch plants as well as operational issues such as control and scheduling are also addressed *Advanced Optimization for Process Systems Engineering* Ignacio E. Grossmann, 2021-03-25 A unique text covering basic and advanced concepts of optimization theory and methods for process systems engineers With examples illustrating key concepts and algorithms and exercises involving theoretical derivations numerical problems and modeling systems it is ideal for single semester graduate courses in process systems engineering **10th International Symposium on Process Systems Engineering** Rita Maria de Brito Alves, Cláudio Augusto Oller do Nascimento, Evaristo Chalbaud Biscaia (Jr), 2009 The 10th International Symposium on Process Systems Engineering PSE 09 will be held in Salvador Bahia Brazil on August 16 20 2009 The special focus of PSE 2009 is Sustainability Energy and Engineering PSE 2009 is the tenth in the triennial series of international symposia on process systems engineering initiated in 1982 The meeting is brings together the worldwide PSE community of researchers and practitioners who are involved in the creation and application of computing based methodologies for planning design operation control and maintenance of chemical and petrochemical process industries PSE 09 will look at how the PSE methods and tools can support sustainable resource systems and emerging technologies in the areas of green engineering environmentally conscious design of industrial processes PSE methods and tools support sustainable resource systems emerging technologies in the areas of green engineering environmentally conscious design of industrial processes **10th International Symposium on Process Systems Engineering - PSE2009** Rita Maria de Brito Alves, Claudio Augusto Oller do Nascimento, Evaristo Chalbaud Biscaia, 2009-09-14 The 10th International Symposium on Process Systems Engineering PSE 09 will be held in Salvador Bahia Brazil on August 16 20 2009 The special focus of PSE 2009 is Sustainability Energy and Engineering PSE 2009 is the tenth in the triennial series of international symposia on process systems engineering initiated in 1982 The meeting brings together the worldwide PSE community of researchers and practitioners who are involved in the creation and application of computing based methodologies for planning design operation control and maintenance of chemical and petrochemical process industries PSE 09 will look at how PSE methods and tools can support sustainable resource systems emerging technologies in the areas of green engineering and environmentally conscious design
