,1900 *Greek Scholars in Venice* Deno John Geanakoplos,2022-08-31 THE MOVEMENT which more than any other served
to widen the intellectual horizon of western Europe during the later Middle Ages and the Renaissance was the restoration of
Greek letters In the history of this revival a significant role was played by the Greek scholar exiles from the Byzantine or
former Byzantine areas of the East Beginning in the late fourteenth century and extending well into the sixteenth a more or
less steadily increasing flow of refugees or voluntary exiles from the Greek East a veritable diaspora seeking to escape the
Turkish domination of their homelands poured into the West Many of these migr s were well educated in the Greek language
and literature and through their work of teaching manuscript copying and preparing of texts for the press contributed
materially to the advancement of Greek studies in western Europe Of these exiles the more prominent ones Chrysoloras
Bessarion Gaza Trapezuntios Argyropoulos Callistos Chalcondyles and Janus Lascaris have already been the object of
considerable attention But there are scores of others whose careers less spectacular but perhaps more typical of the
experience of the average refugee humanist have not yet been closely investigated This book is primarily concerned with the
lives of several of these lesser known figures whose careers are closely associated with the city of Venice in the period of the
Renaissance when she attained the primacy in the study of Greek Bulletin [1908-23] Boston Public Library,1914
