Destins Politiques De La Souffrance:

Destins politiques de la souffrance Thomas Périlleux, John Cultiaux, 2009 Au cours de ces dernières décennies la notion de souffrance s'est diffusée de manière croissante dans de nombreuses institutions comme dans la recherche en sciences humaines Saisie en termes de trouble fragilité vulnérabilité elle sert à nommer l'inacceptable et l'injuste au risque de rendre l'individu responsable de ce qui autrefois relevait des structures sociales ou des violences institutionnelles Dans le travail de la critique sociale elle semble remplacer les vieux termes d'exploitation ou d'aliénation Quel est l'enjeu de nommer de la sorte le négatif de l'existence Quelles sont les incidences sur les moyens de riposte dont il est possible de se saisir Après avoir interrogé de manière approfondie la catégorie souffrance pour en saisir les enjeux la portée et les limites les auteurs se centrent sur différents lieux institutionnels où elle fait référence ceux de l'intervention sociale de la justice et du travail Ce sont autant de terrains dans lesquels se prouvent les difficultés et lescueils d'une courte politique des souffrances sociales mais où s'inventent aussi des pratiques cliniques ou des démarches collectives inédites Aujourd'hui le destin politique des souffrances est particulièrement important considérer d'abord pour l'acteur de terrain qui s'y trouve quotidiennement confronté et fait acte politique dès lors qu'il veut les rendre audibles sur une scène publique mais aussi pour le chercheur ou le citoyen clair Les auteurs articulent ici les rapports entre souffrance justice et politique pour déjouer les liens mortifères que tissent les souffrances sociales et réactiver le potentiel critique et créatif qu'elles recèlent galement Pages de début Des saisies politiques de la souffrance I Interroger la catégorie de souffrance Discuter ses enjeux sa portée ses limites Une réflexion sur l'anthropologie de la fragilité de la vulnérabilité et de la souffrance Souffrances objectives souffrances subjectives Politiques de la souffrance politiques du vivant quand les corps parlent de la souffrance II Saisies de souffrances dans les lieux institutionnels La souffrance comme fait psychique et social Nouvelles pathologies sociales et transformations de l'action sociale Itinéraires de réparation et formation d'un espace de victimes autour d'un drame médical Une analyse sociologique des discours sur la souffrance au travail III Vers une clinique portée politique Un tiers pour comprendre et dénoncer les situations d'injustice Sociologie clinique de la souffrance au travail du psychique au social Clinique et politique Souffrance et critique sociale Conclusions Bibliographie Pages de fin

Handbook of the Anthropocene Nathanaël Wallenhorst, Christoph Wulf, 2023-08-21 This Handbook is a collection of contributions of more than 300 researchers who have worked to grasp the Anthropocene this new geological epoch characterised by a modification of the conditions of habitability of the Earth for all living things in its biogeophysical and socio-political reality These researchers also sought to define a historical and prospective anthropology that integrates social economic cultural and political issues as well as of course environmental ones What are the anthropological changes needed to ensure that our human adventure will be able to continue in the Anthropocene And what are the educational and political issues involved Anthropocene is fast becoming a widely used term but thus far there has been no reference work explaining the thoughts of the greatest experts of the present day on this subject

at the intersection of biogeophysical and socio political knowledge A scientific and political concept but which is also the conceptual vehicle for conveying the scientific community s sense of concern this complex term is explained by international experts as they reflect on scientific arguments taking place in earth system science the social sciences and the humanities What these researchers from different disciplines have in common is a healthy concern for the future and how to prepare for it in the Anthropocene and also the identification of possible anthropological changes This Handbook encourages readers to immerse themselves in reflections on the human adventure through descriptions of our differing heritages and the future that is in the process of being written

Redefining Prosperity Isabelle Cassiers, 2014-08-27 Society today faces a difficult contradiction we know exactly how the physical limits of our planet are being reached and exactly why we cannot go on as we have before and yet collectively we seem unable to reach crucial decisions for our future in a timely way This book argues that our definition of prosperity which we have long assimilated with the idea of material wealth may be preventing us from imagining a future that meets essential human aspirations without straining our planet to the breaking point In other words redefining prosperity is a necessary and urgent task This book is the fruit of a long debate among 15 scholars from diverse fields who worked together to bring the depth and nuance of their respective fields to questions that affect us all The result is a rich transdisciplinary work that illuminates the philosophical and historical origins of our current definition of prosperity identifies the complex processes that gave rise to the problems we face today elucidates the ways in which our contemporary environmental social nutritional economic political and cultural crises are interconnected and explores why a half century of economic growth has neither increased life satisfaction in the West nor vanquished world poverty Approaching these broad ranging questions from the specific standpoints of their disciplines each of the authors offers thoughts for the future considering possible escape routes and proposing changes to the way we live behave and organise society and public action changes that actually respond in an equitable way to our deepest aspirations Ultimately in laying the groundwork for a public debate on this subject this book poses a question to its readers what is your definition of prosperity and what can be done to promote it

Images de la vulnérabilité, 2025-06-05 Depuis plusieurs années les savoirs produits par les personnes malades sur leurs propres maladies leurs conditions de vie plus globalement sont désormais reconnus comme des savoirs partiellement légitimes Or dans quelle mesure ces savoirs empiriques peuvent-ils devenir des savoirs expérimentiels c'est-à-dire transmissibles appropriables dans le cadre de dispositifs d'apprentissage C'est cette question que les chercheurs ont tenté de répondre à partir de la notion d'image en tant que support pédagogique Elle est mobilisée ici de façon créative sous différentes formes photographie audiovisuelle dessin esquisse Il en ressort que l'image apparaît comme un outil précieux pour la formation continue et le développement professionnel Ouvrage dirigé par Vanessa Rémery et Long Pham Quang

Revue française des affaires sociales, 2020-04 Crise, violence, dé-civilisation Hamit Bozarslan, 2019 Nécessaire le savoir appliqué la crise et la violence peut s'avérer dépourvu de toute capacité explicative et devenir parfaitement frustrant L'exigence scientifique comme l'urgence citoyenne imposent certes le savoir comme un devoir toute société est obligée de comprendre ce qu'elle produit y compris l'irrationnel ou l'horreur Mais comment nier qu'étudier l'horreur c'est déjà reconnaître a posteriori notre impuissance L'analyse critique est elle d'une grande utilité quand elle ne dispose pas de moyens d'action Ce livre synthétise trois notions la crise la violence et la dé-civilisation Elles constituent les trois angles morts de l'histoire du monde tant la connaissance scientifique que l'on peut en avoir ne permet ni de les comprendre pleinement ni de les combattre efficacement Elles ont pourtant une dimension universelle et une histoire longue Il importe de continuer à se pencher sur ces trois notions car la crise ne conduit pas nécessairement au chaos la violence et la destruction et la dé-civilisation ne relèvent d'aucune fatalité Une crise peut aussi présenter une chance inédite pour une société de développer une conscience critique sur son passé et se projeter dans un avenir radicalement différent de son présent En étudiant ces questions politiques historiques et éthiques fondamentales Hamit Bozarslan revient sur l'histoire du monde et s'interroge sur son avenir Quatrième de couverture

Pourquoi se mobilise-t-on Daniel Cefaï, 2007 La 4^e de couverture indique Pourquoi se mobilise-t-on L'un des traits propres aux régimes démocratiques est que leurs citoyens disposent d'un droit de regard sur les affaires publiques et en contrepoint des leçons d'un droit la critique et la révolte Ils discutent s'associent s'

organisent Ils constituent des collectifs revendiquent dans l'espace public passent des alliances avec partis et syndicats et entrent en conflit avec les pouvoirs établis Mais qu'est-ce qui les y pousse La mobilisation a un coût en énergie et présente des risques y compris financiers Pourquoi ne pas laisser les autres se mobiliser notre place Ce livre propose une cartographie de l'état des savoirs sur l'action collective partir de tout ce qui a été écrit sur le sujet depuis plus d'un siècle sur les deux rives de l'Atlantique L'histoire commence avec les travaux sur les foules et les publics de Tarde et Le Bon la fin du XIX^e siècle L'auteur exhume la tradition du comportement collectif née à Chicago dans les années 1920 Il montre le virage accompli par Touraine et Melucci au moment de l'émergence des nouveaux mouvements sociaux étudiants féministe écologiste dans les années 1960 et 1970 Il passe en revue les théories de l'action rationnelle les modèles du processus politique et les analyses des réseaux et des organisations qui prédominent aujourd'hui Et il propose de nouvelles perspectives inspirées de la sociologie culturelle nord-américaine et de la microsociologie de Goffman Un ouvrage indispensable tous ceux qui s'intéressent aux mouvements sociaux de notre temps
