Traditionalism and the Ascendancy of the Malay Ruling Class in Colonial Malaya Donna J. Amoroso, 2014 Traditionalism and the Ascendancy of the Malay Ruling Class in Colonial Malaya In this original and perceptive study Donna J Amoroso argues that the Malay elites preeminent position after the Second World War had much to do with how British colonialism reshaped old idioms and rituals helping to re invent a tradition In doing so she illuminates the ways that traditionalism reordered the Malay political world the nature of the state and the political economy of leadership In the postwar era traditionalism began to play a new role it became a weapon which the Malay aristocracy employed to resist British plans for a Malayan Union and to neutralise the challenge coming from groups representing a more radical democratic perspective and even hijacking their themes Leading this conservative struggle was Dato Onn bin Jaafar who not only successfully helped shape Malay opposition to the Malayan Union but was also instrumental in the creation of the United Malays National Organisation UMNO that eventually came to personify an acceptable Malay nationalism Traditionalism and the Ascendancy of the Malay Ruling Class in Colonial Malaya is an important contribution to the history of colonial Malaya and more generally to the history of ideas in late colonial societies Book jacket
