

Digestion System Study Guide

Be able to describe the 6 different digestive processes and know the two main groups of digestive organs.

Consists of two types of organs:

- 1) Gastrointestinal Tract-a series of hollow organs through which food passes as it is ingested, digested and absorbed, also called the digestive tract or alimentary canal
- 2) Accessory Organs-assist in digestion, not part of the digestive tract, includes: teeth, tongue, salivary glands, liver, gallbladder, and pancreas

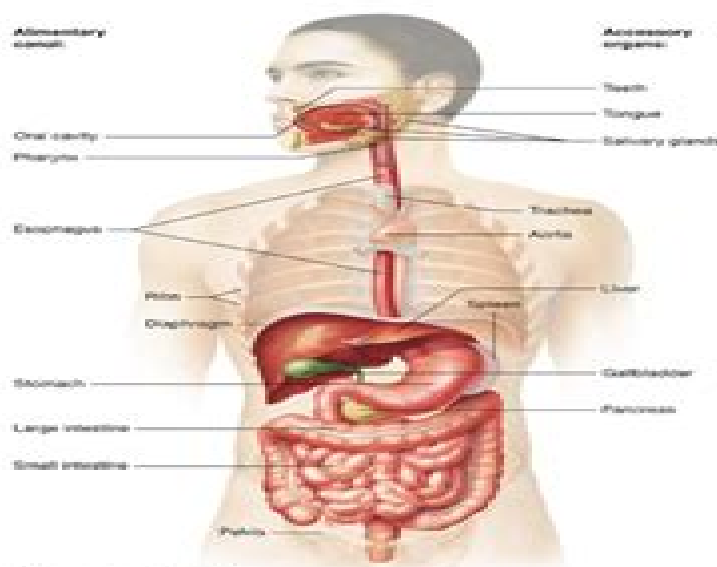

BASIC DIGESTIVE FUNCTIONS

1. Ingestion-delivery of food into digestive system via the mouth (normally)
2. Secretion-endocrine and exocrine glands secrete substances to aid in digestive process (includes, mucus, enzymes, acids and hormones)
3. Propulsion-the movement of a substance through a hollow organ via peristaltic contractions of smooth muscle layers and aided by secreted mucus.
4. Digestion-the process of breaking down a substance into smaller subunits,

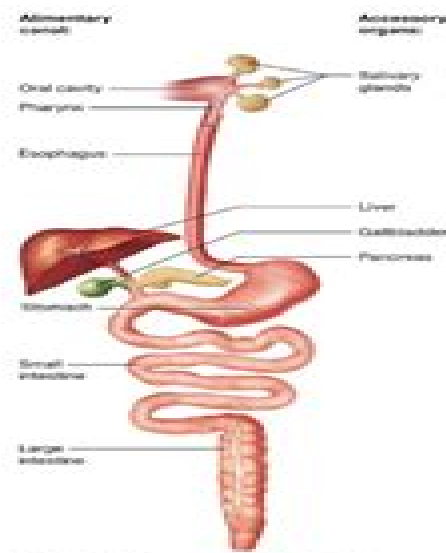

Two Kinds: Mechanical-physically break food down into smaller pieces by chewing and movement

Chemical-enzyme catalyzes reactions that break chemical bonds within particles

5. Absorption-the transportation of a substance across an epithelial lining into the bloodstream or lymph
6. Defecation-elimination of undigestible materials and a way for the body to eliminate metabolic waste (specialized form of propulsion)

Digestive System (Humans) (Speedy Study Guides) Speedy Publishing,2014-06-21 The human digestive system works by introducing water and enzymes into food in order to extract nutrients and minerals from it This process is assisted by smooth involuntary muscles along the tract that help push food along All waste products are excreted at the end of the digestive cycle Charts that show the inner workings of the digestive system make it easier for students to visualize precisely how the process works This may be easier for some people to understand by visualization rather than relying on written descriptions **Tentative Guide for Teaching General and American History in the High School** Louisiana. Department of Education,1943 **Fire Engineering** ,1978 **Farmers' Guide** ,1905 El-Hi Textbooks and Serials in Print, 1995 R R Bowker Publishing,1995-02 **The Church Times** ,1903 Digestive System Speedy Study Guides Speedy Publishing,2014-07-09 Humans require a series of organs to effectively turn the food we eat into the energy our body needs An informational pamphlet would greatly benefit a biology student in that it would be an overview of the necessary basics that the student can then build off of in future studies

Embark on a breathtaking journey through nature and adventure with is mesmerizing ebook, Natureis Adventure: **Digestion Packet Study Guide** .
