PROVIDER GUIDE

IMPORTANT! Remove this guide before giving the device to the patient. Only medical professionals should adjust pressure settings. This guide must be used with the User Manual when used by a medical professional. Read and understand the User Manual, the Provider Guide, and all accessory manuals before setting up the device. This guide provides you with instructions on how to access and navigate the provider screens used to modify device settings.

Note: The screens shown throughout this guide are examples only. Actual screens may vary slightly.

Accessing the Provider Mode Screens

Accessing provider mode unlocks settings that cannot be modified by the user. To access provider mode:

1. Supply Power to the device. First, plug the socket end of the AC power cord into the power supply. Then plug the pronged end of the AC power cord into an electrical outlet that is not controlled by a wall switch. Finally, plug the power supply cord's connector into the power inlet on the back of the device.
2. Once the device is powered, the Main Menu appears, shown below. Turn the wheel to toggle between the four options and highlight "Setup".
