E International Relations:

System, Society and the World Robert W. Murray, 2015-11-25 Since its reorganisation in the 1990s the English School of International Relations has emerged as a popular theoretical lens through which to examine global events This volume brings together some of the most important voices on the English School to highlight the multifaceted nature of the School's applications in international relations Environment, Climate Change and International Relations Gustavo Sosa-Nunez, Ed Atkins, 2016-04-13 This edited collection provides an understanding about the complex relationship between International Relations the environment and climate change It details current tendencies of study explores the most important routes of assessing environmental issues as an issue of international governance and provides perspectives on the route forward

Foundations of International Relations, 2022-03-10 An engaging introduction to the core concepts theories actors and issues in global politics Featuring a combination of chapters authored by leading scholars researchers and practitioners from around the world this textbook takes into account the historical development of international relations and the web of dynamics that forms the subject resulting in a clear analysis of the field from a variety of perspectives Chapters cover topics including race colonialism gender sexuality digital globalization the environment and security studies and are supported by a range of case studies key boxes and illustrative material to aid students in their practical application of theoretical ideas The book is also complimented by a bespoke curated website featuring a regularly updated collection of interactive learning material and hosted on E International Relations the world's leading open access IR website Portraying the most compelling issues of our time and presenting the necessary tools to analyse and debate the subject this is an invaluable resource for anyone studying international relations Relations and Roles in China's Internationalism Chih-yu Shih, 2024-08-01 Pluriversalism within International Relations and the literature on Chinese international relations each embrace ideas of relation and difference While they similarly strive for recognition by Western academics they do not seriously engage with each other To the extent that either succeeds in winning recognition it ironically reproduces Western centrism and the binary of the Western versus the non Western In Relations and Roles in China's Internationalism author Chih-yu Shih demonstrates through a critical translation exercise that Confucian themes enable both the critique and realignment of liberal thought allowing all of us including the members of Confucianism and the neo liberal order to understand how we adapt to and coexist with each another In the end Confucianism not only informs the pluriversal necessity that all are bound to be related but also de-nationalizes China's internationalism The United States Catalog Mary Burnham, Carol Hurd, 1928

Understanding Popular Culture and World Politics in the Digital Age Laura J. Shepherd, Caitlin Hamilton, 2016-05-20 The practices of world politics are now scrutinised in a way that is unprecedented with even those previously or conventionally assumed to be disengaged from international affairs being drawn into world politics by social media Interactive websites allow users to follow election results in real time from the other side of the world and online

mapping means that the world out there is now available on your mobile phone Understanding Popular Culture and World Politics in the Digital Age engages these themes in contemporary world politics to better understand how digital communication through new media technologies changes our encounters with the world Whether the focus is digital media social networking or user generated content these sites of political activity and the artefacts they produce have much to tell us about how we engage world politics in the contemporary age This volume represents the starting point of a dialogue about how digital technologies are beginning to impact the research and practice of scholars and practitioners in the field of International Relations with the collection of cutting edge essays dealing specifically with the intertextuality of world politics and digital popular culture This book will be of use to International Relations research academics and critically engaged publics interested in the core themes of global politics subjectivity militarism humanitarianism civil society organisation and governance The book also employs theories and techniques closely associated with other social science disciplines including political theory sociology cultural studies and media studies
