

Chapter 9 Adjusting and Closing Entries for Governmental Activities, Government-wide Level; Preparation of Government-wide and Major Fund Financial Statements

- a. Prior to preparing financial statements at the end of FY 2020, it is necessary to record depreciation expense for the year for governmental activities at the government-wide level.

Based on general capital assets assigned to specific functions, depreciation expense related to equipment and infrastructure is allocated to functions as shown below:

	<u>Equipment</u>	<u>Infrastructure</u>	<u>Buildings</u>
General Government	\$ 54,920		\$45,336
Public Safety	187,840		66,115
Public Works	125,596	\$ 98,620	49,114
Culture and Recreation	<u>72,244</u>		<u>28,335</u>
Totals	<u>\$440,600</u>	<u>\$ 98,620</u>	<u>\$188,900</u>

Required: [Para. 9-a] Record depreciation expense for the year 2020 in the governmental activities general journal at the government-wide level. Verify accuracy of the adjusting entries and post to the general ledger by clicking [Post entries].

- b. **Closing Entries.** Although closing entries were made in each fund in Chapters 4 through 6 of this cumulative problem, they have not yet been recorded at the government-wide level.

Required: Record the journal entries required on December 31, 2020 to close all temporary accounts for governmental activities at the government-wide level. These entries should also recognize changes in the accounts Net Position—Net Investment in Capital Assets, Net Position—Restricted for Public Safety (see General Fund), and Net Position—Restricted for Capital Projects (see Capital Projects Fund to calculate net position). (Note: Due to the need to deduct accrued interest on long-term debt in calculating the December 31, 2020 balance of Net Position—Restricted for Debt Service you will end up with no restriction on net position for debt service.) For each account to be closed or reclassified, be sure and click on the check mark for [Closing Entry] and that "Closing Entries" appears in the [Add credit] field. Post the closing entries to the general ledger by clicking on [Post entries].

- c. Use the exportable trial balances used in Chapters 2 through 6 of this problem, and the exportable pre-closing trial balance and post-closing trial balance for governmental activities, to prepare required government-wide and governmental fund financial statements and reconciliations that the City of Smithville must present for its basic financial statements to be in conformity with generally accepted accounting principles. (See Illustrations 9-3 through 9-8 of the textbook for examples of these statements.) We recommend that you use Excel to prepare these financial statements; however, your instructor may want you to do these manually. (Note: The City of Smithville is a primary government and has no other organizations for which it is accountable as component units.)
