Dentistes Heroiques De La Seconde Guerre Mondiale

Xavier Riaud

Dentistes Heroiques De La Seconde Guerre Mondiale:

Dentistes héroïques de la Seconde Guerre mondiale Xavier Riaud, 2011-04-15 A l'heure où la chirurgie dentaire est saluée et souvent vilipendée par les journalistes dans une campagne de désinformation et de dénigrement sans précédent Xavier Riaud soucieux de perpétuer le devoir de mémoire et de montrer que cette profession de santé ne peut se résumer à cette seule perception médiatique erronée a souhaité dans cet ouvrage retracer les parcours parfois atypiques de dentistes hommes et femmes de multiples nationalités qui se sont dressés contre le joug de l'opresseur nazi et l'ont combattu **Et si la**

seconde guerre mondiale nous était racontée autrement... Xavier Riaud, 2015-10-01 La Seconde guerre mondiale n'a pas dû rogner l'apparition d'innovations notamment sur le plan médical au prix parfois de vies humaines perdues au cours d'expérimentations très discutables. L'infiniment petit semble avoir joué un rôle inattendu dans le déroulement des événements. Amphétamines, expérimentations médicales douteuses, projet de guerre bactériologique sans parler de l'atome et de ses conséquences dévastatrices sur le Japon les nazis ont été les seuls criminels de cette guerre **Des dentistes qui ont fait l'Histoire...**

Xavier Riaud, 2013-07-01 L'auteur fait revivre à travers ce livre original et surprenant des hommes extraordinaires dont les parcours anachroniques ont bouleversé l'histoire de l'humanité. Des hommes qui ont tous été dentistes un moment donné de leur existence et dont les aléas de la vie ont porté vers des destins plus fabuleux. Volontaires l'extrême ils se sont battus pour ce qu'ils ont cru avec la plus grande conviction. Un livre tonnante sur l'histoire et la médecine sont troitement intriqués.

Napoléon 1er et ses dentistes Xavier Riaud, 2016-07-01 Alors qu'il existe de nombreux ouvrages sur la médecine napoléonienne il n'en existe aucun sur la chirurgie dentaire napoléonienne celui-ci est le premier du genre. L'auteur s'intéresse donc aux problèmes dentaires de Napoléon et de ses proches mais il dresse également un état des lieux de la dentisterie lors du Premier Empire ses lois ses codes et autres obligations **Petit manuel historique de l'odontologie du sport** Xavier

Riaud, 2021-02-24 Comment comprendre pour un sportif qu'il est nécessaire de se soigner les dents. Si ce n'est en étant mystifiant les plus grands sportifs les modèles les références. En effet comme grands sportifs les modèles les références. En effet comme tout le monde ils ont des problèmes dentaires et ont recours aux traitements appropriés à travers les textes de loi dictés par la médecine des témoignages et récits divers cet ouvrage revient sur l'odontologie du sport du XXe siècle et s'attarde sur les moyens dentaires employés pour optimiser les performances des plus grands athlètes de notre temps. Carl Lewis, Messi, Cristiano Ronaldo, Yannick Noah, Marie-José Rec Roger Federer, Rafael Nadal etc **L'or dentaire des nazis** Xavier Riaud, 2019-09-13

Tout le monde sait que les Allemands ont récupéré l'or dentaire, la sortie des chambres à gaz dans la bouche des Juifs qui y sont morts. Mais sait-on que ce geste sordide a été répété par Heinrich Himmler en 1940 puis une seconde fois en 1942 au moment de la Solution finale. Genèse de cette récupération chez les dentistes puis chez les SS récupération de l'or dentaire elle-même et exploitation jusqu'à dans les échanges internationaux. Xavier Riaud aborde toutes les questions jusqu'à l'usage d'une partie de cet or pour faire des prothèses dentaires chez les officiers SS sans oublier les vols au sein de la hiérarchie SS. Tout le

cheminement de cet or est décrit dans le moindre détail depuis les chambres gaz jusqu'à dans les malversations de pays qualifiés de neutres Charles Godon (1854-1923) et Georges Villain (1881-1938), Xavier Riaud, 2018-01-15 Charles Godon homme visionnaire a construit l'ossature de la chirurgie dentaire du XX^e mais si l'icône emblématique de la profession il choisit Georges Villain comme l'élève et successeur Voici l'histoire exceptionnelle tirée d'archives de ces deux hommes le maître et l'élève qui ont porté un projet la base de toute la chirurgie dentaire contemporaine *Dentiste et espion* Xavier Riaud, 2018-01-15 Qui n'a jamais vu James Bond et ses gadgets toujours vainqueur des méchants Et les dentistes pourquoi n'auraient-ils pas pu être des espions Du premier Empire notre époque sans oublier les deux guerres mondiales du XX^e mais si les témoignages existent pourtant Les récits se suivent entre idéologie et aventure Malgré l'évidence d'une fin rarement heureuse certains se sont sacrifiés sans aucune hésitation convaincus de la défensive d'une juste cause Napoléon Ier et ses médecins Xavier Riaud, 2012-11-15 À l'époque de Napoléon Ier un savoir médical unique en Europe se concentre sur le sol français La santé est reformée en profondeur par des Corvisart Chaptal Berthollet Fourcroy un enseignement hospitalo-universitaire est créé puis en 1808 l'Université Ce livre retrace l'histoire de ces hommes des grandes formes au sein du corps médical sous l'Empire de la médecine cette époque et des rapports que Napoléon Ier nourrissait avec celle-ci **Odontologie médico-légale et serial killers** Philippe Brousseau, Xavier Riaud, 2014-09-15 Les auteurs de ce livre tous deux dentistes nous livrent ici le résultat de leur enquête Ils mettent en évidence les tueurs en série qui ont pu être arrêtés après avoir laissé des traces de morsure sur le corps de leurs victimes une fois identifiés leur ADN salivaire ou bien leurs dents Au cours de véritables récits relatant l'histoire et les investigations policières qui ont conduit l'arrestation de ces meurtriers cette étude remonte aux premiers tueurs connus **Médecine à travers les siècles** Xavier Riaud, 2015-11-01 Si la médecine et ses acteurs ont contribué incontestablement au bien-être de l'humanité les dérives de quelques uns ou les zones d'ombre amènent inévitablement une discussion proposée l'éthique qui doit la régir Forts de ce postulat les auteurs de cette collection ont souhaité créer les avancées et les évolutions des sciences médicales *La répression sexuelle par les psychiatres (1850-1930)* Patrick Albert Pognant, 2011-09-01 partir du milieu du XIX^e siècle la pathologisation des comportements sexuels hors de ce qui était considéré alors comme la normalité coïncida notamment avec la révolution industrielle et la reprise en main de l'ordre moral Comment s'est construite une psychiatrie de l'erreur qui s'est muée en psychiatrie de l'horreur en instaurant une répression sur les populations sans précédent dans le monde médical Nos sociétés contemporaines en portent encore les stigmates dans le subconscient collectif Dent et archéologie Xavier Riaud, 2017-01-15 écrits sous la forme de rapports les comptes rendus détaillés des travaux du Docteur Xavier Riaud nous emmènent la rencontre de l'histoire celle de rois français Louis XI et Henri IV et celle de 68 soldats français morts pendant la guerre de Crimée 1853-1856 et exhumés lors d'une fouille archéologique récente en Ukraine L'auteur fait ici appel des notions abouties en odontologie médico-légale mais aussi une iconographie et une approche historique remarquable qui complètent judicieusement l'étude sur site **Carnet de voyage académicien d'un historien de la**

médecine Xavier Riaud, 2020-04-13 Doublement académicien l'auteur a eu la chance de présenter ses travaux auprès d'institutions prestigieuses Cet ouvrage collecte l'ensemble de ces travaux académiciens L'histoire de la médecine est le lien qui unit tous ces textes tous ces univers tous ces instants devenus intemporels De la Grande Armée la Première Guerre mondiale de la médecine la dentisterie virtuelle voici offert un condensé de ses recherches de ses articles parmi les plus aboutis

Les boîtes Dubrana Frédéric, 2011-10-01 La boiterie permet de connaître un autre corps un corps articulaire altéré dont l'approche est sous-tendue par le tissage du savoir-savoir populaire Un savoir basé sur une prescience culturelle propre à chaque civilisation L'étude de la boiterie nous montre que l'identification et le traitement qui en découle relèvent autant des progrès des connaissances médico-chirurgicales que de la valeur morale de l'action médicale *Psychopathia sexualis de Krafft-Ebing (1886-1924)* Patrick Albert Pognant, 2011-09-01 Psychopathia sexualis représente la quintessence de la psychiatrie occidentale sur le sujet des perversions sexuelles Krafft-Ebing rassemble une masse critique de 447 observations cliniques une sorte de catalogue des comportements sexuels hors la norme c'est-à-dire une sexualité orientée vers la seule procréation Il se dresse de cet ensemble hétéroclite un art de la clinique singulier aux confins de la médecine de la morale de la justice et de la littérature

La Greffe générale Xavier Riaud, 2020-02-26 Découvert de façon fortuite et encore marqué par la motion ressentie au regard du film Au revoir l'homme mis en scène par Albert Dupontel en 2017 nous avons immédiatement saisi par le journal La Greffe générale Ce journal humoristique voire satirique comporte huit numéros de quatre pages chacun publiés en 1917 et 1918 par les blessés la face pendant la Première Guerre mondiale soignés à l'hôpital du Val de Grâce les patients du fameux Pr Hippolyte Morestin chirurgien maxillo-facial mondialement reconnu cette époque Thomas W. Evans

Henri Lamendin, 2012-10-01 Henri Lamendin retrace dans un opus palpitant la vie effrénée et exceptionnelle de Thomas W Evans Dentiste américain unanimement reconnu au point de soigner toutes les têtes couronnées européennes commencer par la famille impériale française Ambassadeur de l'Empereur missionné aux États-Unis en pleine guerre civile 1864 il a dissuadé Napoléon III puis les Anglais d'intervenir en faveur du Sud vitant ainsi une guerre mondiale *Au service de l'histoire de la médecine 2006-2023*, 2023-03-02 Il y a plus de 15 ans en 2006 Xavier Riaud a fondé la collection Médecine travers les siècles aux éditions L'Harmattan afin de donner une autre vision de l'histoire de la médecine et avec le secret espoir d'offrir une tribune de nombreux auteurs qui n'avaient pas la possibilité de s'exprimer Plus de quinze années plus tard donc la collection s'est enrichie de cent cinquante livres Elle est la première en France dans cette discipline en nombre de livres publiés Le 12 novembre 2023 s'est tenue une réunion anniversaire des auteurs qui ont au cours de la journée présenté leurs livres lors de communications scientifiques très abouties En voici les actes Les premiers préceptes médicaux connus remontent à l'Antiquité bien que quelques soins aient été réalisés lors de la préhistoire Les innovations qu'elles soient diagnostiques protocolaires pharmaceutiques thérapeutiques ou encore technologiques se sont succédées travers les siècles pour aboutir à la médecine que nous connaissons aujourd'hui Les dents de l'Homme, de la Préhistoire à l'ère moderne Florie Duranteau, 2011-10-01 L

organe dentaire imputrescible constitue un t moignage essentiel et fondamental d une vie ant rieuse A travers un glossaire illustr extr mement pr cis et d velopp de Touma l homo sapiens en passant par les australopith ques cet ouvrage d taille et explique les diverses mutations de la dent de la mandibule et de la face en s attardant sur les cons quences g n r es par ces transformations sur la posture et le r gime alimentaire de chacun
